ASSIGNMENT

In consideration of the sum of One Dollar and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned

Cancer Research Technology Limited

do hereby declare that we have assigned to

Henrik Clausen
Ulla Mandel

all our rights to

United States Patent No. 10,919,973 (Application No. 16/006,119) for the invention entitled

GENERATION OF A CANCER-SPECIFIC IMMUNE RESPONSE TOWARD MUC1 AND CANCER
SPECIFIC MUC1 ANTIBODIES

This assignment covers the entire right, title and interest in and to the aforesaid invention, the Application, and any and all improvements and/or modifications to the aforesaid invention and Application, and in and to any and all patent applications and/or Letters Patent of the United States or any other country related to the invention, the Application, and/or any and all improvements and/or modifications to the aforesaid invention and applications, including but not limited to, provisional applications, conversions to utility applications, continuations, continuations-in-part, continuing prosecution applications (CPAs), requests for continuing examination (RCEs), reissues, reexaminations, extensions, substitutes, renewals and divisions which may be filed or granted therefor and all rights to claim priority in whole or in part on the basis of the application.

The Assignor hereby covenants for us and our legal representatives, and agrees with said Assignee, its successors and assigns, that we have the full right to convey the entire interest herein conveyed and that we have granted no right or license to make, use, sell or offer to sell said invention, Application, any other applications or properties identified herein, to anyone except said Assignee, that prior to the execution of this deed, our right, title and interest in said invention, Application, or any other applications or properties identified herein had not been otherwise encumbered, and that we have not and will not execute any instrument in conflict with this Assignment.

The Assignor hereby covenants and agrees, on their own behalf and on behalf of their successors and assigns, to execute any additional assignments and other documents required in connection with the prosecution of the Application or patent applications as well as to perform any additional acts necessary to enable the Assignee or its successors, legal representatives and assigns, to enjoy the full rights of this Assignment, including applying for a patent for the invention in the United States of America or in any other country of the world, and assigning the Application or any other applications of any other country of the world and any patent or patents issuing thereon to the said Assignee or its successors, legal representatives and assigns.

We hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States resulting from said application or any division or divisions or continuing or reissue applications thereof to the Assignee, its successors or assigns in accordance herewith.

In witness thereof, the parties hereto have executed this assignment as of the day and year stated below.
