INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT, as it may be amended, restated, supplemented or otherwise modified from time to time (this “Agreement”), is executed as of this 30 day of July, 2024, by INMOBI PTE. LTD., a private company limited by shares incorporated under the laws of Singapore with company registration number 200811408G and registered address at 160 Robinson Road, #20-03, Singapore 068914 (the “Borrower”) and INMOBI HOLDINGS PTE. LTD., a private company limited by shares incorporated under the laws of Singapore with company registration number 201211523R and registered address at 160 Robinson Road, #20-03, Singapore 068914 (collectively, together with their respective successors and permitted assigns, “Chargors” and together with the other subsidiaries of the Borrower, the “Loan Parties”), in favor of Mars Growth Capital Pre-Unicorn Fund, L.P., a limited partnership incorporated and registered under the laws of Singapore (in its capacity as lender and collateral agent for the Secured Parties, the “Collateral Agent”).

RECITALS

A. In connection herewith, the Borrower is entering into that certain Master Agreement, dated as of July 24, 2024, with the lenders party thereto, pursuant to which the lenders have agreed to make certain financial accommodations to the Borrower on the terms and conditions set forth therein (as it may be amended, restated or otherwise modified from time to time, the “Master Agreement”), and each Chargor is entering into that certain Debenture, dated July 25, 2024, in favor of the Collateral Agent (as it may be amended, restated or otherwise modified from time to time, the “Debenture”). It is a condition precedent to the effectiveness of the Master Agreement that the Chargor shall have entered into this Agreement in favor of the Lender. Terms defined in the Master Agreement or the Debenture and not otherwise defined herein have the same respective meanings when used herein.

B. Pursuant to the terms of the Debenture, each Chargor has granted to the Collateral Agent a security interest in all of such Chargor’s right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Charged Property (as defined in the Debenture).

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of the Secured Obligations (as defined in the Debenture), agrees as follows:

AGREEMENT

1. Grant of Security Interest. To secure the Secured Obligations, each Chargor has granted a first fixed charge to the Collateral Agent over all of such Chargor's right, title and interest

in, to and under its Intellectual Property, as set forth in the Debenture (including as listed on the schedules hereto) (all of which shall collectively be called the “Intellectual Property Collateral”).

2. Recordation. Each Chargor authorizes the Commissioner for Patents, the Commissioner for Trademarks and the Register of Copyrights and any other government officials to record and register this Agreement upon request by the Collateral Agent.
3. Authorization. Each Chargor hereby authorizes the Collateral Agent to (a) modify this Agreement with such Chargor’s consent by supplementing the exhibits to this Agreement to include any Intellectual Property Collateral that such Chargor obtains subsequent to the date of this Agreement, and (b) file a duplicate original of this Agreement containing amended exhibits reflecting such new Intellectual Property Collateral.
4. Loan Documents. This Agreement has been entered into pursuant to and in conjunction with the Master Agreement and Debenture, which are hereby incorporated by reference. The provisions of the Master Agreement and Debenture shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of the Collateral Agent with respect to the Intellectual Property Collateral are as provided by the Master Agreement and Debenture and related documents, and nothing in this Agreement shall be deemed to limit or expand such rights and remedies.
5. Execution in Counterparts. This Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or in electronic (i.e., "pdf" or "tif" format) shall be effective as delivery of a manually executed counterpart of this Agreement. Each party hereto may execute this Agreement by electronic means and recognizes and accepts the use of electronic signatures and records by any other party in connection with the execution and storage hereof.
6. Successors and Assigns. This Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective permitted successors and assigns as set forth in the Master Agreement and the Debenture .
7. Governing Law. This Agreement and any claim, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of New York, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction, but with reference to Sections 5-1401 and 5-1402 of the New York General Obligations Law, which by its terms applies to this Agreement).

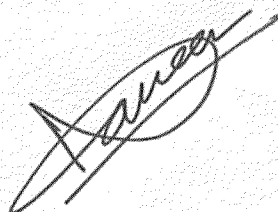

IN WITNESS WHEREOF, the parties have caused this Intellectual Property Security Agreement to be executed as a sealed instrument as of the date first written above.
