CONFIRMATORY ASSIGNMENT

WHEREAS, **I, Igor Mucha**, have invented one or more of the inventions described in the United States Patent Application No. **17/821,549** filed **08/23/2022**, entitled **“MICROPHONE WITH FLEXIBLE PERFORMANCE”**;

WHEREAS, **INVENSENSE SLOVAKIA S.R.O.** (hereinafter “Assignee”), a Spoločnosť s Ručením Obmedzeným having principal offices at **Dúbravská cesta 14, 841 04 Bratislava - Karlova Ves, Slovak Republic**, has acquired an interest in the Application in accordance with agreements duly entered into with me;

WHEREAS, I am obliged by terms of employment or other agreement to assign all right, title and interest in the Application to Assignee;

NOW, THEREFORE, in consideration of said agreements and of other good and valuable consideration, the receipt of which is hereby acknowledged, I confirm that I have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, my entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to said Application (and any inventions described therein) and such patents as may issue thereon, and any reissue, continuation, continuation-in-part, divisional and foreign counterpart applications and patents thereof and including the right to claim priority under any applicable statute, treaty or convention based on said Application or inventions thereof; said Application, applications and patents to be held and enjoyed by said Assignee for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held by me had this assignment not been made; I hereby convey all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing such Application, all choses in action pertaining to the Application, applications or patents including the right to sue for and collect damages and other recoveries for past infringement thereof, all rights to initiate proceedings before government and administrative bodies, and all files, records and other materials arising from the prosecution, exploitation, or defense of rights and registrations pertaining to the Application, applications or patents. I hereby acknowledge that this assignment, being of my entire right, title and interest in and to said Application, carries with it the right in Assignee to apply for and obtain from competent authorities in all countries of the world any and all patents by attorneys and agents of Assignee's selection and the right to procure the grant of all such patents to Assignee for its own name as assignee of the entire right, title and interest therein;

AND, I hereby further agree for myself and my executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid Application, applications and patents to said Assignee, its successors, assigns and legal representatives, including the execution of applications for patents in foreign countries, and the execution of substitution, reissue, divisional, continuation or continuation-in-part applications and preliminary or other statements and the giving of testimony in any interference, derivation, supplemental examination, opposition, or other proceeding in which said inventions or any application or patent directed thereto may be involved;

AND, I do hereby authorize and request the Commissioner of Patents of the United States to issue such patents as shall be granted upon said Application or applications based thereon to said Assignee, its successors, assigns, and legal representatives.
