WITNESSETH: That,

WHEREAS, we are joint inventors of certain new and useful improvements in **LIGHT-GUIDING DEVICES AND MONITORING DEVICES INCORPORATING SAME** for which U.S. Patent Application No. 13/715,247 was filed on December 14, 2012 in the United States Patent and Trademark Office; and

WHEREAS, **Valencell, Inc.**, a Delaware corporation, having its principal place of business at 2800-154 Sumner Blvd., Raleigh, North Carolina 27616 hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in said patent application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold and by these presents do hereby sell, assign, transfer, and convey unto the said assignee, its successors and assigns, the entire right, title, and interest in and to the said invention and patent application, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereon or therefor, together with the right to claim the priority of said patent application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made.
