Capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Indenture (as defined below) or the Canadian Notes Security Agreement (as defined below).

A. Reference is made to the (i) Indenture, dated as of December 6, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “Indenture”), among the Company as Issuer, the Co-Issuer, the Guarantors from time to time party thereto, the Notes Collateral Agent as Trustee and Notes Collateral Agent, and TMF Brasil Administração e Gestão de Ativos Ltda., as an onshore collateral agent and TMF Trustee Limited, as an onshore collateral agent, (ii) Canadian Notes Security Agreement, dated as of December 6, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “Canadian Notes Security Agreement”), among the Company, the other Grantors referenced to therein and the Notes Collateral Agent and (iii) U.S. Patent Security Agreement, dated as of December 6, 2019 (the “Patent Security Agreement”), among the Company, the Grantors referenced to therein and the Notes Collateral Agent.

B. Reference is made to the Contribution and Assumption Agreement #3, dated as of December 31, 2020 (the “Contribution Agreement”), between the Company and Telesat Technology Corporation, pursuant to which the Company transferred the Purchased Assets (as defined therein), including the Patents set forth on Schedule I hereto (the “Released Patent Collateral”), to Telesat Technology Corporation.

C. Pursuant to the Canadian Notes Security Agreement and the Patent Security Agreement, the Company granted to the Notes Collateral Agent (and its successors and permitted assigns), for the benefit of the Secured Parties, a security interest in all right, title and interest of the Company in, among other things, the Released Patent Collateral, which security interests were recorded with the United States Patent and Trademark Office on December 6, 2019 at Reel/Frame No. 051211/0466.

D. The Company has requested that the Notes Collateral Agent execute and deliver this Partial Release to evidence the release of its security interest in the Released Patent Collateral for filing and recordation with the United States Patent and Trademark Office.

E. Pursuant to Section 1402 of the Indenture and Section 6.5(d) of the Canadian Notes Security Agreement, the Notes Collateral Agent does hereby agree to evidence the release of any and all security interests it may have against the Released Patent Collateral, and hereby reassigns to the Company any and all right, title and interest that the Notes Collateral Agent may have in, to or under the Released Patent Collateral, provided, however, that this release is being made without recourse to, or any representation or warranty by, the Notes Collateral Agent.

F. This Partial Release is applicable only and solely with respect to the Released Patent Collateral and to no other Collateral arising under the Canadian Notes Security Agreement or the Patent Security Agreement (such collateral, the "Retained Collateral"). The Notes Collateral Agent retains all security interests, Liens, rights, titles and interests pledged and granted to it under the Canadian Notes Security Agreement and the Patent Security Agreement with respect to all Retained Collateral, and the Notes Collateral Agent's security interests, Liens, rights, titles and interests in the Retained Collateral shall not, and shall not be deemed to, be impaired, interrupted or otherwise modified in any respect by this Partial Release.
