ASSIGNMENT OF PATENT

Now, therefore, I/we acknowledged, and other good and valuable consideration, I/we, owner by these presents do sell, assign and transfer unto said assignee the entire right title and interest in aforesaid patent.

I/We the undersigned, hereinafter collectively referred to as "Assignor", have made an invention entitled see Appendix

Preferred embodiments of said invention are disclosed in a United States patent application which:

X is executed concurrently herewith for filing in the United States Patent and Trademark Office and has been assigned Application Serial No. see Appendix with a filing date of see Appendix

- ☐ Was previously filed in the United States Patent and Trademark Office on _____ as Application Serial No. _____
- ☐ Is a United States National Application of PCT International Application No. _____ filed _____

(An authorized representative of Ideal Innovations, Inc. is hereby authorized to insert the serial number and filing date when known.)

The Assignee, P4 X Group, Inc.
a corporation of the State of Florida,
having a principal place of business at 848 Brickell Key Dr, APT 3806, Miami FL 33131,

desires to secure the entire right, title and interest in said invention and the patent application filed thereon.

In consideration of One Dollar (\$1.00) and other good and valuable consideration paid to Assignor by the Assignee, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR ASSIGNS AND DOES HEREBY ASSIGN TO THE ASSIGNEE:

The entire right, title and interest in said invention and in the above-identified United States patent application and in all applications which claim priority from the same, including any non-provisionals, divisions, continuations and continuations-in-part of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the Paris Convention for such applications.

Assignor hereby authorizes and requests the United States Commissioner for Patents, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behalf of the said Assignee, its successors, assigns and legal representatives.

Assignor hereby agrees, without further consideration and without expense to Assignee, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of Assignor to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of the Assignor's ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon Assignor's heirs and legal representatives.
