DECLARATION AND ASSIGNMENT

U.S. Provisional Patent Application no. 62/989301, filed March 13, 2020
U.S. Patent Application no. 17/201784, filed March 15, 2021
Canadian Patent Application no. 3112074, filed March 15, 2021

Section 1: Declaration

As a below named inventor, I direct this Declaration to U.S. Patent Application no. 17/201784, filed March 15, 2021. I hereby declare that:

U.S. Patent Application no. 17/201784 was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.

Section 2: Assignment

In consideration of One Dollar (\$1.00) and other good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, the undersigned hereby assign, effective March 13, 2020, to:

**CertainTeed Ceilings Corporation
20 Moores Road
Malvern, PA 19355
United States of America**

its successors and assigns, their entire right, title and interest in the invention or improvements of the undersigned disclosed the patent application(s) identified above and relating to:

Adjustable Ceiling Panel, Method of Manufacture, And Ceiling Panel System

and in said application(s) and any and all other applications, both United States and foreign, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all Letters Patent of the United States and foreign countries, which may be obtained on any of said applications, and in any reissue or extension of such patents, and further assigns to said assignee the priority right provided by the International Convention. The undersigned hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to said assignee.

The undersigned warrant themselves to be the owners of (other than any right, title or interest already held by the assignee) the entire right, title and interest in said invention or improvements and to have the right to make this assignment, and further warrant (other than any right, title or interest already held by the assignee) that there are no outstanding prior assignments, licenses, or other encumbrances on the interest herein assigned (other than any right, title or interest already held by the assignee).

For said considerations the undersigned hereby agree, upon the request and at the expense of said assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said invention or improvements, and any necessary oath, affidavit or declaration relating thereto, and any
