WHEREAS, **SYNTHONIX, INC.** ("ASSIGNEE"), a corporation of the state of North Carolina, having its principal place of business at 2713 Connector Drive, Wake Forest, NC 27587-4363, is entitled to the ownership of these inventions and improvements and all applications describing these inventions and improvements by virtue of the employment of the inventor, and thus desires to acquire the entire right, title, and interest in and to said inventions, improvements, know-how, and the PCT Application and in and to the Letters Patents which may be granted therefrom.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR by these presents does sell, assign, and transfer to ASSIGNEE the full, exclusive, and entire right, title, and interest in and to all inventions and improvements disclosed and described in said PCT Application, as well as all know-how derived during the development of, and directed to, the inventions and improvements disclosed and described in said PCT Application.

For the same consideration, ASSIGNOR, by these presents, does sell, assign, and transfer to ASSIGNEE, the full, exclusive, and entire right, title, and interest in and to any U.S. nonprovisional or foreign application or any other applications that correspond to or claim priority to said PCT Application, in whole or in part, and to any Letters Patents and similar protective rights granted on said U.S. nonprovisional or foreign applications, and in and to the right to claim any applicable priority rights arising from or required for said U.S. nonprovisional or foreign applications under the terms of any applicable conventions, treaties, statutes, or regulations, including to all divisions, continuations, continuations-in-part, or renewals thereof, all Letters Patents which may be granted therefrom, all reexaminations, and all reissues or extensions of such patents; said U.S. nonprovisional or foreign

AND, for the consideration aforesaid, ASSIGNOR does hereby agree that I or my executor(s) and legal representatives will make, execute and deliver any and all other instruments in writing including any and all further application papers, affidavits, assignments and other documents, and will communicate to said ASSIGNEE, its successors and representatives all facts known to ASSIGNOR relating to said inventions and improvements and the history thereof and will testify in all legal proceedings and generally do all things which may be necessary or desirable more effectually to secure to and vest in said ASSIGNEE, its successors or assigns the entire right, title, and interest in and to the said improvements, inventions, know how, applications, Letters Patents, rights, titles, benefits, privileges and advantages hereby assigned and conveyed, or intended so to be.
