## ASSIGNMENT

THIS ASSIGNMENT is between Digilock Asia Ltd., having a principal place of business located at Flat B, 27<sup>th</sup> Floor Grandion Plaza, No. 932, Cheung Sha Wan Road, Lai Chi Kok, Kowloon, Hong Kong ("Assignor"), and Security People, Inc., having its principal place of business at 3367 North Sam Houston Parkway West, Houston, Texas ("Assignee"), effective **March 1, 2024** ("Effective Date"),

WHEREAS, **Schedule A** is a list of United States patents, including U.S. Provisional Patent Application No. 60/810,195, filed on May 31, 2006, and U.S. patents and applications that claim priority to U.S. Provisional Patent Application No. 60/810,195,

WHEREAS Assignor is the owner of the inventions and patent assets listed in the attached Schedule A,

AND WHEREAS, Assignee is desirous of acquiring the entire right, title and interest in and to all said inventions and patent assets listed in Schedule A, including any and all patent applications for the inventions, and in and to any patent from the United States.

NOW, THEREFORE, as of the Effective Date, in consideration of One Dollar (\$1.00), and other good and valuable consideration paid by Assignee to Assignor, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby assigns, sells and transfers, and has assigned, sold, and transferred to Assignee, its successors and assigns, Assignor's entire right, title, and interest for the United States in and to the inventions and patent assets listed in Schedule A and in and to the applications thereof, any non-provisional applications, and any patents which may be granted therefor, including any and all divisions, continuations, in whole or in part, substitutions, renewals, reissues, reexaminations, and extensions thereof, and all applications claiming priority therefrom; and Assignor authorizes and requests the Commissioner of Patents and Trademarks to issue all patents for the invention, or patents resulting therefrom, insofar as their interest is concerned, to Assignee; to have, hold, exercise, and enjoy, with all the rights, powers, privileges, and advantages in anywise arising therefrom or appertaining thereto, for and during the term or terms of any and all such patents when granted, for the use and benefit of Assignee, and Assignee's successors and assigns, in as ample and beneficial a manner as Assignor might or could have held and enjoyed the same, if this assignment had not been made.

AND, for the same consideration, Assignor hereby assigns, sells and transfers, and has assigned, sold, and transferred to Assignee, its successors and assigns, Assignor's entire right, title and interest in all countries of the world, in and to the inventions and patent assets listed in Schedule A and in and to the applications and all patents which may be granted therefor, and all corresponding patents which have been or may be granted, including all national applications, regional applications, divisions, reissues, substitutions, continuations, in whole or in part, re-examinations, and extensions thereof, including the right to file applications and obtain patents for the invention in its own name, in all countries and including all rights of priority in all countries under the terms of any applicable international convention, insofar as its interest is concerned; and Assignor hereby authorizes and requests the applicable patent office in each country of the world to issue all patents for the invention, or patents resulting therefrom, insofar as its interest is concerned, to Assignee, to have and to hold for the sole and exclusive use and benefit of Assignee, its successors and assigns, to the full end of the

## ASSIGNMENT

term or terms for which any and all of such patents for the invention may issue, to the same extent as Assignor would hold and enjoy if this Assignment had not been made.

AND, for the same consideration, Assignor further agrees to execute any and all patent applications, assignments, affidavits, and any other papers in connection therewith necessary to perfect such patent rights, and also agrees, at the request of Assignee, to testify in any legal proceedings, sign all lawful papers, make all lawful oaths, and generally do everything possible to aid Assignee, its successors and assigns, to obtain, maintain and enforce proper patent protection for the applications.

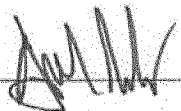

AND, this assignment includes the transfer of all rights which Assignor has or may have in recovering damages for past infringement.

IN WITNESS WHEREOF, Assignor has caused this Assignment to be executed.
