**ASSIGNMENT**

WHEREAS, Christian Matthew YUNGBLUTH, residing at 1328 E. Stonemason Drive, Fuquay-Varina, NC 27526, hereinafter called the "Assignor", has made the invention described in the United States patent application entitled GRATE AND RANGE SYSTEM, as filed in the U.S. design patent application, Serial No. 16/431,465, filed on June 4, 2019, and all patents which may be obtained for said invention (I hereby consent to the patent attorney entering the serial numbers and filing dates when they become known.);

WHEREAS, Middleby Marshall Inc., a corporation organized and existing under the laws of the State of Delaware, having a place of business at 1400 Toastmaster Drive, Elgin, IL 60120, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the invention entitled GRATE AND RANGE SYSTEM; and to all patent applications, and for all patents which may be obtained from said invention;

NOW, THEREFORE, in view of valuable and legally sufficient consideration, the receipt of which by the Assignor from the Assignee is hereby acknowledged, the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to the Assignee, the entire right, title and interest for the United States in and to the invention and the patent application identified above, and any patents that may issue for said invention in the United States; together with the entire right, title and interest in and to said invention and all patent applications and patents issuing therefrom in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent applications and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.
