Exhibit B

Assignment of Patents

BioVision Holdings, LLC ("Assignor") is owner of all rights, title, and interest of the U.S. Patents listed on Schedule A, (the "Patents") and Valent Medical, Inc. ("Assignee") desires to acquire all rights, titles, and interest in and to the Patents.

Therefore, for **REDACTED** the receipt of which is acknowledged, Assignor assigns to Assignee 100% of its right, title and interest in the inventions and Patents to Assignee for the entire term of the Patents and any and all reissues, re-examinations, continuations, continuations in part, requests for continuing examination, continuing prosecution applications, or extensions and for the entire term of any patents, reissues or extensions that may issue from foreign applications, division, continuation in whole or in part or substitute applications filed claiming the benefit of the Patents. This assignment includes all rights to enforce the Patents for any and all past infringements, present infringements, or future infringements including: (a) past, present, and future damages; (b) injunctive relief; (c) any other remedies or any kind for past, present, and future infringement; (d) all causes of action, (whether known or unknown, whether currently pending, filed, or otherwise), and other enforcement rights under, or on account of the Patents and any item in the foregoing categories, as well as all rights to collect royalties and other payments under or on account of the Patents and/or any item in any of the foregoing categories.

The right, title and interest conveyed in this Assignment is to be held and enjoyed by Assignee and Assignee's successors as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made.

Assignor further agrees to: (a) cooperate with Assignee in the protection of the patent rights and prosecution and protection of foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain or maintain the Patents and any and all applications and registrations for the inventions in and all countries.
