# INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this “**Assignment Agreement**”), dated as of October 16, 2024, is made by Fisker, Inc., Fisker Group Inc., Fisker TN LLC, Blue Current Holding LLC, Platinum IPR LLC, and Terra Energy Inc. (collectively, the “**Debtors**” or “**Assignors**”), in favor of the Fisker IP/Austria Assets Trust (“**Assignee**”), each a “party”, and collectively, the “parties” to this Assignment Agreement. Capitalized terms used but not defined in this Assignment Agreement shall have the meanings ascribed to such terms in the Plan (as defined herein).

WHEREAS, the Debtors filed voluntary petitions for relief under chapter 11 of the Bankruptcy Code on June 17 and 19, 2024 in the United States Bankruptcy Court for the District of Delaware (the “**Bankruptcy Court**”);

WHEREAS, on October 16, 2024, the Bankruptcy Court entered an order [D.I. 722] (the “**Confirmation Order**”) confirming the *Combined Disclosure Statement and Chapter 11 Plan of Liquidation of Fisker Inc. and Its Debtor Affiliates*, dated October 15, 2024 [D.I. 713] (as the same may be amended, supplemented, or otherwise modified from time to time in accordance with the terms and provisions thereof and including the Plan Supplement, the “**Plan**”);

WHEREAS, the Plan provides, among other things, as of the Effective Date of the Plan, for the creation and establishment of Assignee and the automatic transfer to Assignee of the IP Assets, as well as the rights and powers of each Debtor in such IP Assets, in accordance with the Plan, the Confirmation Order, and the IP/Austria Assets Trust Agreement; and

WHEREAS, each Assignor has agreed to execute and deliver this Assignment Agreement to give effect to the Assignors’ obligations under the Plan, the Confirmation Order, and the IP/Austria Assets Trust Agreement.

NOW THEREFORE, the parties agree as follows:

1. Assignment. Subject to the terms and conditions of the Plan, the Confirmation Order, and the IP/Austria Assets Trust Agreement, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Assignor hereby irrevocably conveys, transfers, and assigns to Assignee, and Assignee hereby accepts, all of the Assignors’ right, title, and interest in and to the IP Assets, including but not limited to the following:

(a) the patents and patent applications set forth on Schedule 1 hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof (the “**Patents**”);

(b) the trademark registrations and applications set forth on Schedule 2 hereto and all issuances, extensions, and renewals thereof (the “**Trademarks**”), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(c) the copyright registrations set forth on Schedule 3 hereto and all issuances, extensions, and renewals thereof;

(d) the domain name registration set forth on Schedule 3 hereto and any renewals thereof;

(e) each of the additional items described in Schedule 4;

(f) all rights of any kind whatsoever of each Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(g) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(h) any and all claims and causes of action necessary to enforce ownership rights with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Each Assignor hereby authorizes Assignee to take, or cause to be taken, such further actions reasonably necessary to evidence, effectuate or perfect the assignment of the IP Assets under this Assignment Agreement to Assignee, or any assignee or successor thereto, including by executing and/or delivering any instruments, documents, books, and records that may be required for the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment Agreement upon request by Assignee.

3. Terms of the IP/Austria Assets Trust Agreement. The parties hereto acknowledge and agree that this Assignment Agreement is entered into pursuant to the Plan, the Confirmation Order, and the IP/Austria Assets Trust Agreement. The terms of the Plan, the Confirmation Order, and the IP/Austria Assets Trust Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of Plan, the Confirmation Order, or the IP/Austria Assets Trust Agreement, on the one hand, and the terms of this Assignment Agreement, on the other hand, the terms of the Plan, the Confirmation Order, and the IP/Austria Assets Trust Agreement, as applicable, shall govern.

4. Counterparts. This Assignment Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Assignment Agreement delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment Agreement.

5. Successors and Assigns. This Assignment Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6. Governing Law. This Assignment Agreement and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this Assignment Agreement and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Delaware, without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction).
