PATENT ASSIGNMENT

WHEREAS, Cutting Edge Packaging Solutions LLC, a New Jersey corporation, with an address at 385 Minoma Lane, Franklin Lakes, New Jersey 07417 ("Assignor"), owns all right, title and interest in and to the patents and/or patent applications identified in Schedule A attached hereto, including the inventions described therein and the patents issued and reissued thereon (collectively, the "Patents"), the renewals therefor and all claims for past or future infringement thereof.

WHEREAS, Acqua Angel LLC, a Florida corporation with an address at 401 Quay Commons, Unit 903, Sarasota, Florida 34236 ("Assignee"), and Assignor have entered into an agreement under which Assignor agreed to sell and Assignee agreed to purchase certain assets of Assignor, including the aforesaid Patents, and the applications and renewals therefor and all claims for past or future infringement thereof.

NOW THEREFORE, in consideration of the premises and representations contained in this Agreement, and other consideration, the sufficiency of which is hereby acknowledged, the parties mutually agree as follows:

1. Assignor does hereby sell, assign, transfer and convey to Assignee all of its respective right, title and interest in and to each of the Patents as identified in attached Schedule A, said assignment being effective to the full end of the term or terms for which they may be granted, as fully and entirely as the same would have been held by Assignor had this assignment not been made.

2. Assignor does hereby further sell, assign, transfer and convey to Assignee its respective right, title and interest in and to the inventions which are disclosed in the Patents, in and to any and all patent applications related to the Patents and to the inventions, including, but not limited to, all provisionals, non-provisionals, divisionals, continuations, continuations-in-part, substitutes, reexaminations, reissues and all other applications for patent which have been or shall be filed in the United States and all foreign countries related to the Patents and the inventions and all original, reissued and reexamined patents and extensions thereof which have been or shall be issued in the United States and all foreign countries related to the Patents and the

inventions to the full end of the term or terms for which they may be granted, as fully and entirely as the same would have been held by Assignor had this assignment not been made.

3. The assignments herein do further include all rights of priority created by any patent or registration that otherwise may issue or be granted under any treaty, convention or law relating thereto and all choses in action related to any patent or registration that otherwise may issue or be granted.

This Assignment is deemed to be executed and delivered within the State of Florida, and it is the intention of the parties that it shall be construed, interpreted and applied in accordance with the laws of the State of Florida without regard to its conflicts of law principles.

IN WITNESS WHEREOF, Assignor has duly executed this Assignment on this 28th day of MAY, 2024.
