INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this “Assignment”), dated as of June 14, 2024, is made by Thought Stream LLC, a Delaware limited liability company d/b/a Bluescape located at One Haworth Center Holland, MI 49423-9576 (“Seller”), and Haworth, Inc., a Michigan corporation located at One Haworth Center Holland, MI 49423-9576 (“Parent”), in favor of Bluescape Buyer, LLC, a Delaware limited liability company located at c/o Charles Thayne Capital, 300 North LaSalle Street, 34th Floor Chicago, Illinois 60654 (“Buyer”), in connection with that certain Contribution Agreement, dated as of June 14, 2024 (the “Contribution Agreement”), among Seller, Parent and Buyer. In connection with the Contribution Agreement, Seller, Parent and Buyer desire to enter into this Assignment to evidence the assignment by Seller and Parent to Buyer of the Transferred Intellectual Property (as defined below). Capitalized terms not defined herein shall have the meaning set forth in the Contribution Agreement. Accordingly, Seller, Parent and Buyer agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, effective as of the Closing, each of Seller and Parent hereby sells, assigns, conveys, transfers and delivers to Buyer all Business Proprietary Rights, including, without limitation, all of the following intellectual property and proprietary rights: (i) patents, patent applications, patent disclosures and inventions (whether or not patentable and whether or not reduced to practice) and any provisionals, reissues, continuations, continuations-in-part, divisions, continued prosecution applications, extensions, as well as all reissues or reexaminations thereof; (ii) trademarks, service marks, trade dress, logos, slogans, trade names, Internet domain names, social media accounts and handles, corporate names and other indicia of source or business identifiers, and all registrations and applications for registration thereof, together with all common-law rights and goodwill associated therewith; (iii) copyrights and works of authorship, websites, database rights and design rights (all whether registered or unregistered), and all registrations and applications for registration thereof; (iv) mask works and all registrations and applications for registration thereof; (v) computer software, firmware, databases, data collections and related documentation and materials, including source code, object code, code repositories, development tools, application programming interfaces, user interfaces, architecture, files, manuals, programmers’ notes, derivative works, foreign language versions, fixes, upgrades, updates, enhancements, current and prior versions and releases, and all media and other tangible property necessary for the delivery or transfer of any of the foregoing; (vi) trade secrets, confidential information, and proprietary data and information (including compilations of data (whether or not copyrighted or copyrightable), ideas, formulae, compositions, blends, processes, know-how, manufacturing and production processes and techniques, research and development information, drawings, specifications, designs, plans, improvements, proposals, technical data, financial and accounting data, business and marketing plans, and customer and supplier lists and related information), inventions (whether or not patentable or reduced to practice), invention disclosures, developments, algorithms, source code, methods, processes, techniques, devices, specifications, reports, analyses, data, data analytics, customer lists, supplier lists, pricing information, cost information, business plans, business proposals, marketing plans, and marketing proposals; (vii) any rights recognized under applicable Law that are equivalent or similar to any of the foregoing; (viii) all rights to sue and collect damages for past, present and future infringement of and other violations of any of the foregoing; and (ix) all copies and tangible embodiments of the foregoing (in whatever form or medium) (such intellectual property, including the items set forth on Schedule 1, collectively, the “Transferred Intellectual Property”), together with the entire goodwill attached to the Transferred Intellectual Property, and Seller’s and Parent’s entire right, title and interest in and to any and all claims and demands it may have, at law or in equity, for any past, present or future infringement, misappropriation, dilution, impairment, distortion or other unauthorized use or conduct in

derogation of any of the foregoing, including the right to receive all proceeds and damages therefrom.

2. Authorization. Each of Seller and Parent hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, the Register of Copyrights of the United States and the corresponding entities, agencies or registrars in the United States or any applicable foreign jurisdictions to record and register this Assignment upon request by Buyer and to record Buyer as owner of the Transferred Intellectual Property, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Buyer, its successors, assigns or other legal representatives.
3. Further Assurances. Each Seller and Parent shall provide Buyer, its successors and assigns with all such assistance as it may reasonably request for the full utilization of the rights granted in Section 1, above, including, without limitation, upon request by Buyer to execute and cause its current or former employees or contractors to execute, as applicable, all applications and any further assignments or other documents or instruments, sign all lawful papers and make all rightful oaths necessary or desirable to carry out the purposes or intent of this Assignment and to aid Buyer or its successors, assigns or other legal representatives to obtain and enforce proper protection for the Transferred Intellectual Property in all jurisdictions and to record Buyer as owner of the Transferred Intellectual Property, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Buyer, its successors, assigns or other legal representatives. Without limiting the foregoing, each of Seller and Parent will do all things necessary, proper or advisable to reasonably assist Buyer in transferring all domain names that are Transferred Intellectual Property, including as applicable, placing each of the domain names in "unlocked" status and provide Buyer the Internet domain name registrars' transfer authorization codes for each of the domain names and any other information required to effectuate the transfer of Seller's and Parent's right, title and interest in the domain names to Buyer. In furtherance of the foregoing, each of Seller and Parent hereby irrevocably constitutes and appoints Buyer, its successors and assigns its true and lawful attorney, with full power of substitution, in its name or otherwise, and on behalf of Seller and Parent, or for its own use, to claim, demand, collect and receive at any time and from time to time any and all of the Transferred Intellectual Property, and to prosecute the same at law or in equity and, upon discharge thereof, to complete, execute and deliver any and all necessary instruments of satisfaction and release. Neither Seller nor Parent shall assert any right, title or interest in or to any of the Transferred Intellectual Property and shall not use any of the Transferred Intellectual Property except as may be expressly authorized by Buyer in writing.
4. Terms of the Contribution Agreement. Nothing in this Assignment will alter or expand any liability or obligation of the parties arising under the Contribution Agreement and no party makes any representations or warranties hereunder. In the event of a conflict between this Assignment and the Contribution Agreement, the Contribution Agreement shall control.
5. Binding Effect. This Assignment will be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.
6. Governing Law. This Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.
7. Counterparts. This Assignment may be executed in any number of counterparts, each of which when executed and delivered will constitute an original, but all the counterparts will together

constitute one and the same agreement. The parties hereto consent to execution and delivery of this Assignment electronically (including delivery by email of a portable document format (pdf)). An electronic signature will be given the same legal force as a handwritten signature.

8. Amendments. This Assignment may be amended only by a written agreement duly executed by each party hereto.
