PATENT AND INVENTION ASSIGNMENT – US

October 21, 2024

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, **Vista Outdoor Operations LLC** ("Assignor"), located at 1 Vista Way, Anoka, Minnesota 55303 (US), hereby conveys, assigns, and transfers all of its right, title, and interest in and to the patents, patent applications, design registrations and applications identified in Schedule A attached hereto, and any related or corresponding provisional or non-provisional application claiming priority thereto or converted therefrom, including any and all provisionals, divisionals, continuing prosecution applications, continuations-in-part, reissues, reexaminations, continuations, renewals and extensions thereof and any letters patents, inventors' certificates, design registrations, industrial models, utility models and all other forms of protection that may be granted thereon ("Patent Properties") to **Revelyst Operations LLC** ("Assignee"), located at 1 Vista Way, Anoka, Minnesota 55303 (US). This assignment includes Assignor's rights of priority; its rights in and to the inventions specified in the Patent Properties and improvements thereto; its rights to file patent applications on such inventions and to obtain and own patents therefor and all such patent applications and patents that have been or may be filed; the rights to all income, royalties, payments and accounts receivable now or hereafter due and or payable in connection with the Patent Properties; and its rights to sue for and collect on claims for injunctive or monetary relief by reason of past, present, or future infringement of any Patent Properties; all of the foregoing rights exercisable anywhere in the world as permitted by law. Assignor hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office to record and register this Patent and Invention Assignment, and Assignor further agrees to execute all documents that are both necessary and reasonably requested by Assignee to perfect Assignee's title in and to the Patent Properties.

[Signature page follows]

IN WITNESS WHEREOF, Assignor has caused this Patent and Invention Assignment to be duly executed effective as of the date first above written.
