WHEREAS, Mark S. Mills was issued U.S. Patent No. 8,616,938 ("the Patent");

WHEREAS, Mark S. Mills died on November 18, 2019;

WHEREAS, Nicole L. Curtis and Amanda R. Schodt have been appointed Co-Executors of the Estate of Mark S. Mills ("the Estate");

WHEREAS, Assignor is the owner of the entire right, title, and interest in and to the Patent, together with all the rights to sue and recover for any past or future infringements;

WHEREAS, Assignee wishes to acquire all right, title, and interest in the Patent, together with all the rights to sue and recover for any past or future infringements, and Assignor wishes to sell its interest in the Patent to Assignee.

NOW, THEREFORE, in consideration of the mutual promises, covenants, warranties, and other good and valuable consideration set forth herein, and intending to be legally bound hereby, the Parties agree as follows:

1. Assignment. For one dollar (\$1.00) and other good and valuable consideration, the receipt, adequacy, and sufficiency of which are hereby expressly acknowledged, Assignor hereby sells, conveys, transfers, assigns, and delivers unto Assignee, its successors and assigns, forever, the entire right, title, and interest in, to, and under the Patent, including all reexaminations,

extensions, and reissues thereof, together with all the rights to sue and recover for any past or future infringements.

2. Assignor's Representations and Warranties. Assignor hereby represents and warrants that it has the legal right and authority to execute this Agreement and to validly assign the entire interest in the Patent to Assignee, including the right to receive damages for past, present, and future infringement thereof, free and clear of any and all claims of any third party. Assignor further represents and warrants that it has not executed any other agreement that would encumber the Patent or otherwise conflict with the terms of this Agreement or subordinate the Assignee's interest in any way, nor shall it execute any such agreement in the future.

3. Further Actions. Assignor hereby agrees to execute any further agreements and to take any further actions necessary, without any charge to Assignee to aid Assignee in perfecting its interest in the Patent and in enforcing any and all protections or privileges deriving from the Patent.

4. Governing Law. This Agreement shall be construed in accordance with, and governed in all respects by, the laws of the Commonwealth of Pennsylvania, without regard to its conflicts of law principles.

5. Attorneys' Fees. In the event of a legal action between the Parties with respect to this Agreement, the prevailing party shall have the right to have its reasonable attorneys' fees and costs paid by the other party.

6. Counterparts. This Agreement may be executed in several counterparts, each of which shall constitute an original and all of which, when taken together, shall constitute on agreement.

7. Severability. If any part or parts of this Agreement shall be held unenforceable for any reason, the remainder of this Agreement shall continue in full force and effect. If any provision of this Agreement is deemed invalid or unenforceable by any court of competent jurisdiction, and if limiting such provision would make the provision valid, then such provision shall be deemed to be construed as so limited.

8. Entire Agreement. This Agreement constitutes the entire agreement between Assignor and Assignee and supersedes any prior understanding or representation of any kind preceding the date of this Agreement. There are no other promises, conditions, understandings, or other agreements, whether oral or written, relating to the subject matter of this Agreement.
