INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT

**(Copyrights, Copyright Registrations, Copyright Applications and Copyright Licenses),
(Patents, Patent Applications and Patent Licenses) and (Trademark, Trademark
Registrations, Trademark Applications and Trademark Licenses)**

This INTELLECTUAL PROPERTY SECURITY AGREEMENT SUPPLEMENT, dated November 27, 2024, is made by FEDERAL CARTRIDGE COMPANY, a Minnesota corporation (herein referred to as the “Grantor”) in favor of GLAS Trust Corporation Limited, as security agent (the “Security Agent”, which expression shall include its permitted successors, assigns and transferees) for the Secured Parties.

WHEREAS, CSG ELEVATE I INC., a Delaware corporation, CSG ELEVATE II INC., a Delaware corporation, the other Obligors from time to time party thereto, and the Security Agent for the Secured Parties are parties to one or more of the Bridge Facilities Agreement, the Term Facilities Agreement and the Indenture;

WHEREAS, pursuant to (i) that certain U.S. Security Agreement dated as of November 23, 2024 (as amended, supplemented or otherwise modified from time to time, the “Security Agreement”; capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Security Agreement) entered into between, among others, the Grantor and the Security Agent and (ii) certain other Finance Documents (including this Intellectual Property Security Agreement Supplement), the Grantor has secured the Secured Obligations by granting to the Security Agent as security agent for the Secured Parties a continuing security interest in personal property of the Grantor, including all right, title and interest of the Grantor in, to and under the Intellectual Property Collateral (as defined below).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor grants to the Security Agent, to secure the Secured Obligations, a security interest in all of the Grantor’s right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the “Intellectual Property Collateral”), whether now owned or existing or hereafter acquired or arising:

(i) each Copyright, Patent and Trademark owned by the Grantor, including, without limitation, each Copyright, Patent and Trademark registration and application referred to in Schedule 1 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark;

(ii) each Copyright, Patent and Trademark License to which the Grantor is a party, including, without limitation, each Copyright, Patent and Trademark License identified in Schedule 1 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each Trademark;

(iii) all proceeds of and revenues from the foregoing, including, without limitation, all proceeds of and revenues from any claim by the Grantor against third parties for past, present or future unfair competition with, or violation of, intellectual property rights in connection with any

injury to, or infringement or dilution of any Copyright, Patent and Trademark owned by the Grantor (including, without limitation, any Copyright, Patent and Trademark identified in Schedule 1 hereto) or for the goodwill associated with any of the foregoing; and

(iv) all rights and benefits of the Grantor under any Copyright, Patent and Trademark License (including, without limitation, any Copyright, Patent and Trademark License identified in Schedule 1 hereto).

The Grantor authorizes and requests that the Register of Copyrights, the Commissioner for Patents and the Commissioner for Trademarks record this Intellectual Property Security Agreement Supplement.

The foregoing security interest is granted in conjunction with the security interests granted by the Grantor to the Security Agent pursuant to the Security Agreement. The Grantor acknowledges and affirms that the rights and remedies of the Security Agent with respect to the security interest in the Intellectual Property Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

This Intellectual Property Security Agreement Supplement shall be governed by, and construed in accordance with, the laws of the State of New York. The Grantor agrees that any suit for the enforcement of this Intellectual Property Security Agreement Supplement may be brought in the courts of the State of New York sitting in New York County and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, and consents to the non-exclusive jurisdiction of such court and to service of process in any such suit being made upon the Grantor by mail at the address specified in the Security Agreement. The Grantor hereby waives any objection that it may now or hereafter have to the venue of any such suit or any such court or that such suit is brought in an inconvenient court.

This Intellectual Property Security Agreement Supplement may be executed in two or more separate counterparts, each of which shall constitute an original and all of which shall collectively and separately constitute one and the same agreement.

In case of any inconsistencies between the terms of this Intellectual Property Security Agreement Supplement and those of the Security Agreement, the Security Agreement shall prevail.

[Remainder of page left blank intentionally; signatures follow.]

IN WITNESS WHEREOF, the Grantor has caused this Intellectual Property Security Agreement Supplement to be duly executed by its officer thereunto duly authorized as of the date first written above.
