PATENT ASSIGNMENT AGREEMENT

This PATENT ASSIGNMENT AGREEMENT (the "*Agreement*") is executed made and entered into as of July 16, 2020 (the "*Effective Date*"), by and between QUERY.AI, INC., a Delaware corporation ("*Company*"); and _ANDREW MALONEY_, an individual ("*Inventor*").

1. **Assignment.** Inventor hereby irrevocably and unconditionally assigns to Company, to the fullest extent permitted by law, free and clear of liens, all right, title, and interest worldwide in, to and those patents set forth on **Exhibit A** (the "*Assigned Patents*") all intellectual property rights thereto, which includes, without limitation: (a) the Assigned Patents and any patents and patent applications (i) to which any of the Assigned Patents directly or indirectly claims priority, (ii) for which the any of the Assigned Patents directly or indirectly forms a basis for priority, or (iii) that were co-owned applications that incorporate by reference, or are incorporated by reference into, the Assigned Patents; (b) all reissues, reexaminations, extensions, continuations, continuations in part, continuing prosecution applications, requests for continuing examinations, divisions, and registrations of any Assigned Patents; (c) all rights of any kind whatsoever of Inventor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world; (d) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; (e) all related rights of priority and protection of interests of any of the foregoing; and (f) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including, without limitation, all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Further Assurances.** From time to time following the Effective Date, Inventor shall, at Company's request and expense, execute and deliver such documents and other papers and perform any other actions as may be required to carry into effect and perfect the assignment and transfer in this Agreement or to enable Company to obtain the full benefits of this Agreement.

3. **Registration.** Inventor authorizes the Commissioner for Patents and any other governmental officials to record and register this Agreement upon the request of Company.

4. **Consideration.** Within thirty (30) days of the Effective Date, Company shall pay to Inventor an amount in cash equal to one hundred dollars (\$100) in consideration of this Agreement. All taxes shall be the financial responsibility of the party obligated to pay such taxes as determined by the applicable law and neither party is or shall be liable at any time for any of the other party's taxes incurred in connection with or related to amounts paid under this Agreement.

5. **Governing Law and Venue.** This Agreement and any action related thereto will be governed and interpreted by and under the laws of the State of Delaware, without giving effect to any conflicts of laws principles that require the application of the law of a different state. Inventor expressly consents to personal jurisdiction and venue in the state and federal courts for the county in which Company's principal place of business is located for any lawsuit filed there against Inventor by Company arising from or related to this Agreement.

6. **Miscellaneous.** This Agreement constitutes the final, complete and exclusive agreement between the parties with respect to the subject matter hereof and supersedes all previous and contemporaneous proposals, arrangements or understandings made between the parties with respect to such subject matter. This Agreement may be modified or amended only by a written agreement executed by both parties. This Agreement will be binding upon and inure to the benefit of each party and its successors and assigns. Inventor may not assign any of its rights or delegate any of its obligations under this Agreement without Company's prior written consent; any attempted assignment or delegation in violation of the foregoing will be null and void. No failure to exercise, and no delay in exercising, on the part of either party, any

privilege, any power or any rights hereunder will operate as a waiver thereof, nor will any single or partial exercise of any right or power hereunder preclude further exercise of any other right hereunder. If any provision of this Agreement shall be adjudged by any court of competent jurisdiction to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable.

7. **Counterparts.** This Agreement may be executed in any number of counterparts and each such executed counterpart shall be deemed to be an original instrument, but all such executed counterparts together shall constitute one and the same instrument.
