PATENT ASSIGNMENT AGREEMENT

THIS PATENT ASSIGNMENT AGREEMENT (“**Assignment**”) is made by and between InSpace Proximity, Inc., a Delaware corporation with an address at 50 Lakeside Avenue, Burlington, Vermont 05401 (the “**Assignor**”) and Human Systems, Inc., a Delaware public benefit corporation with an address at 2500 North River Road, Manchester, New Hampshire 03106 (the “**Assignee**”) regarding all patents and patent applications owned by the Assignor including the patents and patents applications specifically identified in Exhibit A and any inventions disclosed or claimed therein (collectively, the “**Patents**”); this Agreement is effective as of December 16, 2024 (the “**Effective Date**”);

WHEREAS, the Assignor has full right, title, and interest in and to the Patents;

WHEREAS, the Assignor, in accordance with agreement(s) duly entered into with the Assignee, desires to convey, transfer, and assign full right, title, and interest in and to the Patents;

WHEREAS, the Assignee, in accordance with agreement(s) duly entered into with the Assignor, desires to acquire the entire right, title, and interest in and to the Patents;

NOW, THEREFORE, the parties agree as follows:

1. For One U.S. Dollar (\$1.00 USD) and other good and valuable consideration from the Assignee to the Assignor, the receipt and adequacy of which are hereby acknowledged, and in accordance with existing agreement(s) duly entered into with the Assignee, the Assignor hereby conveys, transfers, and assigns to the Assignee, its lawful successors and assigns, and the Assignee accepts, the entire and exclusive right, title, and interest in and to the Patents, including any and all patents that may be granted from any of the patent applications therefor in the United States and all other countries, territories, and/or jurisdictions in the world (collectively, the “**Countries**”), and to all existing or future related applications, divisions, substitutes, renewals, reissues, continuing applications (including continuation, divisional and continuation-in-part applications), conversions, re-examinations, extensions, and any resulting patents thereof in all Countries (collectively, the “**Applications**”) for the full terms for which the same may be granted and any rights associated therewith, including, but not limited to, any and all license and other contract rights, royalties, profits, damages, fees, income, payments, and other proceeds now or hereafter due or payable, and the right to sue for past infringement where applicable, and to the right to claim benefit and priority from the Applications in all of the Countries.

2. The Assignor represents and warrants that the Assignor has the ability to convey, transfer, and assign all rights and interests herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that the Assignor has not and will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

3. The Assignor authorizes the Assignee to file applications for and request that the United States Patent and Trademark Office and corresponding bodies in each of the other Countries issue any and all patents resulting from any of the Applications to the Assignee.

4. This Assignment inures to the benefit of the Assignee and its successors, assigns, and other legal representatives, and is **binding on the Assignor and the Assignor's** successors, heirs, legal representatives, and other assigns.

5. The Assignor shall take such steps and actions, and provide such cooperation and assistance, at the Assignee's expense, to the Assignee and its successors, assigns, and legal representatives, in connection with the Patents and the Applications, or for any inventions and discoveries derived therefrom, as may be necessary to effect, evidence, or perfect the Assignment to the Assignee or any assignee or successor thereto, including, but not limited to: the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, documents in connection with claims or provisions of the International Convention for the Protection of Industrial Property or similar treaties and agreements, or other lawful papers; the execution and delivery of all papers necessary in connection with any administrative or judicial proceedings; and the provision of information and testimony and cooperation in every way in obtaining and producing evidence and prosecuting such proceedings. In the event of any conflict between the Purchase Agreement and this Assignment, the Purchase Agreement shall control.
