ASSIGNMENT

WHEREAS, Assignor, OVERSIGHT SHOOTING TECHNOLOGIES, LLC, a limited liability company of the State of Idaho, having a principal place of business at 259 North 800 West, Blackfoot, Idaho 83221 (“Assignor”), is the owner of an invention entitled Partial Optical Sighting Device.

Preferred embodiments of said invention are disclosed in a United States patent application identified as Application Serial No. 12/862,612, filed on August 24, 2010, and patented on April 10, 2012 as United States Patent No. 8,151,510 (“Patent”).

WHEREAS, Assignee, BORAH MACHINING LLC, a limited liability company of the State of Idaho, having a principal place of business at 25 North 550 West, Blackfoot, Idaho 83221 (“Assignee”) desires to secure the entire right, title and interest in the above-identified Patent and in the invention disclosed therein.

THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration paid to Assignor by the Assignee, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR HEREBY ASSIGNS, TRANSFERS, and CONVEYS, and agrees to ASSIGN, TRANSFER, and CONVEY to the ASSIGNEE:

The entire right, title and interest in the above-identified Patent and in the invention disclosed therein and in all divisions, continuations and continuations-in-part of said Patent, and in all applications and patents claiming priority to said Patent, and in all corresponding applications filed in countries foreign to the United States and in all patents issuing or granted thereon in the United States and/or foreign countries and in all reissues or extensions of patents granted thereon.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim priority to or the benefit of the above-identified application including under all applicable treaties and conventions.

Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behoof of the said Assignee, its successors, assigns and legal representatives.

Assignor hereby agrees, without further consideration and without expense, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of Assignor to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, continuation, continuation-in-part, substitute, reissue, and other United States and foreign patent applications on the invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of my ability in: (1) proceedings relating to nullification, reissue, extension, post grant, inter partes, derivation, supplemental examination, and infringement involving the invention; (2) execution of all lawful documents involving the invention; and (3) the production of evidence involving the invention.

This Assignment is and will be binding upon Assignor's heirs and legal representatives. Assignor represents and warrants that Assignor has the right and authority to agree to the terms of this Assignment. The Assignee accepts and agrees to the assignment and transfer identified herein. This Assignment may be executed in separate counterparts, which, when combined, constitute the same agreement. This document may be executed manually or by electronic signature. A faxed or scanned and electronically transmitted facsimile of a signature-bearing page will be conclusive evidence of execution and delivery.

IN WITNESS WHEREOF, the parties hereto hereby execute this Assignment by their duly authorized officers and representatives.
