ASSIGNMENT OF PATENT RIGHTS

For good and valuable consideration, the receipt of which is hereby acknowledged, Novipax Inc., a Nevada corporation, with offices at 4275 Reading Crest Avenue, Reading, Pennsylvania, CT 19605, USA (“Assignor”), does hereby sell, assign, transfer, and convey unto Integrated MedCraft LLC, a Connecticut limited liability company, with the mailing address of 1 Sinco Pl., Unit A10, East Hampton, CT 06424, USA (“Assignee”), or its designees, all right, title, and interest that exist today and may exist in the future in and to any and all of the following (collectively, the “Patent Rights”):

1. All patent applications and patents listed in Exhibit 1 (the “Patents”) attached hereto, which Exhibit 1 is hereby incorporated by reference into this agreement in its entirety;
2. All continuations, divisionals, continuations-in-part, reissues, reexaminations, extensions, substitute applications, continuing prosecution applications, requests for continuing examinations, and registrations of the Patents, and all patents and patent applications to which any of the Patents directly or indirectly claim priority, and all patents and patent applications for which any of the Patents directly or indirectly forms a basis for priority;
3. All foreign patents, patent applications, and counterparts relating to the Patents and/or any of the forgoing items;
4. Inventions, invention disclosures, and discoveries described in any of the Patents and/or any of the forgoing items;
5. All rights to apply in any or all countries of the world for patents, certificates of invention, utility models, industrial design protections, design patent protections, or other governmental grants or issuances of any type related to the Patents and/or any of the foregoing items, including, without limitation, under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement, or understanding;
6. All causes of action, past, present, and future, and other enforcement rights under, or on account of, any of the Patents and/or any of the forgoing items including, without limitation, all causes of action and other enforcement rights for damages, injunctive relief, and any other remedies of any kind for past, current and future infringement; and
7. All rights to collect royalties and other payments under or on account of any of the Patents and/or any of the foregoing items.

Assignors hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents, certificates of invention, utility models or other governmental grants or issuances that may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein.

Assignors will, at the request of Assignee, do all things necessary, proper, or advisable, including without limitation, the execution, acknowledgment, and recordation of specific assignments, oaths, declarations, and other documents, to assist Assignee in obtaining, perfecting, sustaining, and/or enforcing the Patent Rights.

The terms and conditions of this Assignment of Patent Rights will inure to the benefit of Assignee, its successors, assigns, and other legal representatives and will be binding upon Assignors, its successors, assigns, and other legal representatives.
