TERMINATION AND RELEASE OF PATENT SECURITY INTEREST

This **TERMINATION AND RELEASE OF PATENT SECURITY INTEREST**, dated as of December 22, 2020 ("Release"), is made by BMO HARRIS BANK N.A. ("Agent") in favor of JONATHAN ENGINEERED SOLUTIONS CORP., a Delaware corporation ("JES") and JONATHAN MANUFACTURING CORPORATION ("JMC" and together with JES, each a "Grantor" and together, the "Grantors").

WHEREAS, pursuant to that certain Patent Security Agreement, dated as of September 11, 2018, by and among Agent and Grantors (the "IP Security Agreement"), Grantors granted to Agent a security interest in all right, title and interest of Grantors in and to certain intellectual property;

WHEREAS, the IP Security Agreement was recorded at the United States Patent and Trademark Office ("USPTO") at Reel 047104 Frame 0689 on September 18, 2018.

WHEREAS, Grantors have satisfied the terms of the IP Security Agreement and request a specific release of the security interest granted and recorded against their respective intellectual property.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Agent hereby agrees as follows:

SECTION 1. Defined Terms. All capitalized terms used herein but not otherwise defined herein have the meanings given to them in the IP Security Agreement.

SECTION 2. Termination and Release. Agent, without representation, warranty, or recourse, hereby:

(a) terminates the IP Security Agreement and terminates, cancels, discharges, and releases all of its security interests in and to all right, title and interest of Grantors in and to all intellectual property (including, but not limited to, all Patent Collateral), whether granted pursuant to the IP Security Agreement or otherwise (and including, but not limited to, the Patents listed on Schedule A attached hereto);

(b) reassigns, re-transfers and re-conveys to Grantors all of their respective right, title and interest in and to all intellectual property (including, but not limited to, all Patent Collateral) that the Agent may have, whether granted pursuant to the IP Security Agreement or otherwise (including, but not limited to the Patents listed on Schedule A attached hereto);

(c) authorizes Grantors or any of their authorized representatives or designees to file this Release with the USPTO or any similar office or agency within or outside the United States at Grantors' expense;

(d) further authorizes and requests that the Commissioner for Patents and any other applicable government officer record this Release; and

(e) agrees to execute, acknowledge, procure, and deliver any further documents and to do such other acts as may be reasonably requested by Grantors, at Grantors' expense, to fully effectuate the purposes of this Release.

SECTION 3. Choice of Law. This Release shall be governed by and construed in accordance with the laws of the State of New York.

SECTION 4. Miscellaneous. This Release may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall together constitute but one and the same Release. Delivery of an executed counterpart of this Release by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Release.
