ASSIGNMENT

This assignment by Bean Logik, Inc. ("Assignor") is made effective the date written below ;

WHEREAS, it is believed that the entire right, title and interest (including the right to sue for and recover all past, present and future damages for infringement) in and to all patents and patent applications listed in Exhibit A hereto are currently owned solely by BL Patents, LLC, an Oregon limited liability company ("BL" or "Assignee");

WHEREAS, Bean Logik, Inc. was a corporation formed under the laws of Oregon; and dissolution was authorized on or about June 1, 2009 and Articles of Dissolution were filed on July 30, 2009 with the Secretary of State of Oregon;

WHEREAS, insofar as the Assignor owns any interest or rights in the patents and patent applications listed in Exhibit A and/or improvements therein, such interest and rights, if any, is to be and hereby is sold, assigned or transferred (including the right to sue for and recover all past, present and future damages) by the Assignor to BL as set forth in more detail below;

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency and adequacy of which are hereby acknowledged, Assignor does hereby:

SELL, ASSIGN AND TRANSFER to Assignee, to the extent Assignor has any interest or rights not already assigned to Assignee by any prior assignment, the entire right, title and interest possessed by Assignor, if any, in and to any and all patents and patent applications listed in Exhibit A hereto (hereinafter collectively referred to as "Patents"), in the United States and all foreign countries, including any and all inventions and/or improvements disclosed in such Patents, such letters patent and all divisional, continuing, continuations, continuations in part, substitute, renewal, reissue and all other applications for patent(s) which have been or shall be filed in the United States and all foreign countries on any of such inventions and/or improvements; all patents issuing from any application that directly or indirectly claims priority to and/or the benefit of any application listed in Exhibit A; all original and reissued patents and reexamination

or similar certificates that have been or shall be issued in the United States and all foreign countries on such inventions, improvements and/or Patents; and specifically including (a) the right to file foreign applications under the provisions of any convention or treaty and claim priority based on any of such applications and/or Patents in the United States, and (b) the right to sue for and recover all past, present and future damages for infringement of the Patents and of any patents that issue from any of the patent applications listed in Exhibit A and/or that claim priority therefrom;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such improvements to Assignee;

COVENANT that, when requested and at the expense of Assignee, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all such improvements; execute all rightful oaths, declarations, communicate to the Assignee all facts known to the undersigned relating to such improvements and the history thereof; and generally do everything possible which the Assignee shall consider desirable for securing, maintaining and enforcing proper patent protection for such improvements and for vesting title to such improvements in the Assignee.

TO BE BINDING on the heirs, assigns, representatives and successors of the undersigned and extend to the successors, assigns and nominees of the Assignee.
