IN THE UNITED STATES BANKRUPTCY COURT
FOR THE EASTERN DISTRICT OF TEXAS
SHERMAN DIVISION

IN RE:

EMERGE CLINICAL SOLUTIONS LLC

Debtor

Case No. 23-40330

Chapter 7

**ORDER GRANTING TRUSTEE'S AMENDED MOTION TO
APPROVE SALE OF INTELLECTUAL PROPERTY ASSETS**

ON this day, came on for consideration the *Amended Motion to Approve Sale of Intellectual Property Assets* (the "Motion") filed by Mark A. Weisbart, in his capacity as the duly appointed and acting Chapter 7 Trustee ("Trustee") for the bankruptcy estate of Emerge Clinical Solutions LLC, seeking authority to sell the bankruptcy estate's ownership interest in its intellectual property assets. After review and consideration of the Motion and the statements of counsel, the Court finds that the relief sought is in the best interest of the estate and that the provisions of 11 U.S.C. § 363(f) have been satisfied; accordingly, it is hereby

ORDERED that the Trustee shall be and is hereby authorized to sell the bankruptcy estate's ownership interest in its intellectual property assets including the patents and trademarks as described on Exhibit "A" attached to the Motion (the "Property") to Joseph Giglio for \$30,000.00 under the terms and conditions set forth in the Agreement attached to the Motion as Exhibit "B" (the "Agreement"); it is further

ORDERED that the sale of the Property shall be free and clear of liens, claims and encumbrances with such liens, claims and encumbrances to attach to sales proceeds; it is further

ORDERED that the sale of the Property shall be "as is, where is," without any representations or warranties; it is further

ORDERED that the court shall retain exclusive jurisdiction to resolve issues or disputes, if

any, related to the Agreement; it is further

ORDERED that the 14-day stay under FED.R.BANKR.P 6004(h) is waived

IT IS SO ORDERED.

Signed on 05/10/2024

Brenda T. Rhoades

BILL OF SALE

STATE OF TEXAS §
 §
COUNTY OF DALLAS §

THAT the undersigned, Mark A. Weisbart, Chapter 7 Trustee for the bankruptcy estate of Emerge Clinical Solutions, LLC, case no. 23-40330 (the "Bankruptcy Estate") in the United States Bankruptcy Court for the Eastern District of Texas, Sherman Division (the "Grantor"), for and in consideration of the sum of ten and no/100 dollars (\$10.00), and other good and valuable consideration, to Grantor in hand paid by Joseph D. Giglio, (the "Grantee"), the receipt and sufficient of which is hereby acknowledged, and pursuant to the Court's *Order Granting Trustee's Amended Motion to Approve Sale of Intellectual Property Assets* [Dkt #36] entered in the foregoing bankruptcy case on May 10, 2024, has bargained, sold, and conveyed and by these presents does bargain, sell and convey unto Grantee, all right, title and interest of the Bankruptcy Estate, in the following described personal property (the "Property") to wit:

The patents and intellectual property described on Exhibit "A" attached hereto; and

The assets described on Exhibit "B" attached hereto.

Grantee hereby acknowledges that he accepts the Property "As Is, Where Is" and Grantor makes no warranties or guarantees with respect to said Property.

GRANTOR:

Mark A. Weisbart, Chapter 7 Trustee

Exhibit B

The assets are as follows:

1. Intellectual Property Assets: All trademarks, patents, design marks, and any other intellectual property rights, regardless of their status, including but not limited to registered, pending, expired, abandoned, or in any stage of application, prosecution, maintenance, or renewal. This includes IP that may be subject to revival or reinstatement and any foreign or domestic rights, extensions, continuations, divisions, or reissues thereof.
2. Software and Source Code: All software solutions, including known products such as "ChartScout," "ChartPop," "ChartVault," "ChartGenie", "BulkPrep", "SureCare", "DrugFinder", and any related source code, object code, documentation, digital assets, access credentials such as usernames, passwords, API keys, and any other necessary operational materials or information. This stipulation covers all assets regardless of their current location, state of identification, or whether they are currently known or discovered post-acquisition. It includes, but is not limited to, all versions of software and source code held in online repositories such as GitHub, in cloud storage, on physical devices, or in any other location, as well as any associated data, databases, user interfaces, and infrastructure necessary for the functioning of the software.
3. Customer-Related Data: Customer lists and contact information, pricing information, customer contracts, service records, and any other customer-related data or information, in any form or medium, whether currently identified, unnamed, or discovered post-acquisition. This includes, but is not limited to, data in electronic, paper, or other formats; data stored in databases, on servers, in cloud storage, or in any other storage medium; and data that may be subject to data privacy laws or regulations, for which the Grantee will assume responsibility for compliance post-acquisition. Grantee understands and acknowledges that it is acquiring no rights under the Debtors customer contracts, no rights to enforce such contracts and that the purchase of this information is for informational purposes.
4. Research Studies and Surveys: All research studies, surveys, clinical trials, data analyses, research findings, and any other research-related documents or data, in any form or medium, whether currently identified, unnamed, or discovered post-acquisition. This includes, but is not limited to, data in electronic, paper, or other formats; data stored in databases, on servers, in

Exhibit B

cloud storage, or in any other storage medium; and data that may be subject to proprietary or confidentiality obligations, for which the Grantee will assume responsibility for compliance post-acquisition.

5. **Included Assets**: Included in the foregoing categories are the following assets:
- a. Source code, object code, and executable code, in any stage of development or deployment;
 - b. Databases, data compilations, and datasets, whether structured or unstructured;
 - c. Operational documents, manuals, guides, frameworks, and protocols. Access credentials, including usernames, passwords, security tokens, API keys, and certificates;
 - d. Software development kits (SDKs), development tools, libraries, and components; and
 - e. Intellectual property in various states, including active, pending, expired, abandoned, or subject to revival or reinstatement.
