## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

**THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT** (this “**IP Assignment Agreement**”) is made and entered into, effective as of \_\_\_\_\_, 2025, by and among Quintessential Group LLC, a Nevada limited liability company (the “**Assignor**”), and Aervoe LLC, a Nevada limited liability company (the “**Assignee**”).

**WHEREAS**, Assignor has agreed to transfer and assign to Assignee, all of such Assignor’s right, title and interest in all of the intellectual property assets that are owned by such Assignor and all rights and interests of such Assignor in and to any licensed intellectual property used by the Assignor, including, without limitation, the items set forth in the schedules attached hereto as Exhibit A (collectively, the “**Assigned IP**”).

**WHEREAS**, this IP Assignment Agreement is executed and delivered by the Assignor and Assignee, pursuant to effect and evidence the transfer and assignment to, and the acceptance by Assignee, of the Assigned IP.

**NOW, THEREFORE**, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Assignment. The Assignor hereby irrevocably conveys, assigns, transfers and delivers to Assignee, and Assignee hereby accepts, all of such Assignor’s right, title and interest in and to the Assigned IP, including the following:

- a) all of (i) the trademarks, trademark registrations and the applications for registration set forth on Schedule 1 of Exhibit A hereto and all extensions and renewals thereof, provided that, with respect to the United States intent-to-use trademark applications set forth on Schedule 1 of Exhibit A hereto, if any, and (ii) the trademarks underlying the trademark registrations and applications set forth on Exhibit A;
- b) the patents and patent applications set forth on Schedule 2 of Exhibit A hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof;
- c) all of the domain names, websites and social media accounts set forth on Schedule 3 of Exhibit A hereto, and any associated content,
- d) any and all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;
- e) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
- f) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation. Each Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, and the officials of corresponding entities or agencies in any applicable jurisdictions, to record and register this IP Assignment upon request by Assignee.

3. Further Actions. Following the date hereof, upon Assignee's reasonable request, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns and legal representatives, including the execution and delivery of any instruments or other documents, as may be reasonably necessary to effect, evidence or perfect the assignment of the Assigned IP to Assignee. These actions may include, but are not limited to, promptly (i) unlocking the domain name(s) and providing the authorization code for the domain name(s) to Assignee; (ii) executing and/or completing such other additional documents or forms as are delivered to Assignor by Assignee or the applicable registrar; and (iii) taking the necessary steps required by the applicable registrar to transfer the domain name(s) to Assignee.
