Exhibit E

INTELLECTUAL PROPERTY ASSIGNMENT

Beitzel Corporation, with a principal place of business at 333 Corporate Drive, Grantsville, MD 21536 ("Assignor") hereby assigns or has assigned, and hereby transfers or has transferred to Halliburton Energy Services, Inc., a Delaware corporation having a principal place of business at 3000 N. Sam Houston Parkway E., Houston, TX 77032-3219, and any of its successors, legal representatives, and assignees the entire worldwide right, title, and interest in and to the patents listed on Schedule A attached hereto ("Assigned Patents") and any and all inventions disclosed therein, and any and all other patent applications and patents which may be applied for or granted therefrom in the United States and in all foreign countries and jurisdictions, including all continuing applications (i.e., divisionals, continuations, continuations-in-part), conversions, reissues, reexaminations, renewals, extensions, counterparts, substitutes, and extensions thereof, and all rights of priority resulting from the filing of such applications and granting of such patents.

In addition, Assignor authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Patent, and foreign patent authorities to issue any foreign patent, granted for the Assigned Patents, to Halliburton Energy Services, Inc., its successors, legal representatives, and assignees, the entire worldwide right, title, and interest in and to the same to be held and enjoyed by Halliburton Energy Services, Inc., its successors, legal representatives, and assignees to the full end of the terms for which any and all such patents may be granted, as fully and entirely as would have been held and enjoyed by Assignor had this Assignment not been made.

Assignor also agrees to execute any and all documents and instruments and perform all lawful acts reasonably related to recording this Assignment or perfecting title to the Assigned Patents and all related patents and applications, for Halliburton Energy Services, Inc., its successors, legal representatives, and assignees, whenever requested by Halliburton Energy Services, Inc., its successors, legal representatives, or assignees.

Assignor further agrees to: (a) cooperate with Halliburton Energy Services, Inc., in the protection of the Assigned Patents and prosecution of domestic and foreign patent applications claiming priority to the Assigned Patents; (b) execute, verify, acknowledge and deliver further documents, including patent applications and instruments of transfer; and (c) perform such other acts as Halliburton Energy Services, Inc., lawfully may reasonably request to obtain or maintain any patent arising from the Assigned Patents and any and all applications and registrations for the inventions covered by the Assigned Patents in any and all countries.

Assignor acknowledges any prior and ongoing obligations to sell, assign, and transfer the rights under this Assignment to Halliburton Energy Services, Inc., and Assignor possesses the full and unencumbered right to assign and transfer the rights hereby assigned, and transferred. Assignor has not executed, and will not execute, any document or instrument in conflict with this Assignment. This Assignment is governed by the substantive laws of the State of Texas, and any disputes will be resolved in a Texas state court or federal court sited in Texas.

This Assignment is made for good and sufficient consideration, the receipt of which is hereby acknowledged, and pursuant to an Asset Purchase Agreement between Assignor and Halliburton Energy Services, Inc. entered into contemporaneously herewith.
