## **CONFIRMATORY PATENT ASSIGNMENT**

This Confirmatory Patent Assignment ("Assignment") is effective as of December 31, 2024 ("Effective Date") by and between Salco Products, Inc., having a place of business at 1385 101<sup>st</sup> Street, Suite A, Lemont, Illinois 60439 ("Salco"), and A. Stucki Company, having a place of business at 360 Wright Brothers Drive, Moon Township, Pennsylvania 15108 ("Stucki") in connection with the merger of Salco and Stucki, as contemplated by the Merger Agreement between the parties ("Merger Agreement").

WHEREAS, prior to the Effective Date, Salco represents and warrants that it was the sole and exclusive legal and beneficial owner of the entire right, title and interest in and to certain patents and applications as set forth in Exhibit A, attached hereto and incorporated herein by this reference, including foreign patents and patent applications and the inventions and improvements therein disclosed (hereinafter collectively referred to as the "Assigned Patents/Applications");

WHEREAS, pursuant to the Merger Agreement, Salco has been / will be merged into Stucki, with Stucki as the surviving entity;

WHEREAS, pursuant to and as set forth in the Merger Agreement, Salco assigned to Stucki, among other things, all of the right, title and interest in and to the Assigned Patents/Applications, as of the Effective Date;

WHEREAS, the parties desire to execute this Assignment to confirm the assignment of the Assigned Patents/Applications to Stucki as of the Effective Date.

NOW, THEREFORE, in consideration of One U.S. Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound, Salco hereby assigns, sells and transfers to Stucki, its successors and assigns, *nunc pro tunc*, effective as of the Effective Date, all right, title and interest in and to the Assigned Patents/Applications, and the inventions and improvements therein disclosed (as

well as such rights in any utilities, non-provisionals, divisionals, continuations in whole or in part, substitute applications, renewals, and/or extensions thereof) for the entire term of any issued U.S. patent and any reissues or extensions that may be granted, and for the entire terms of any and all foreign patents that may issue from foreign applications (as well as reissues, divisions, continuations in whole or part, or substitute applications) filed claiming the benefit from the Assigned Patents/Applications, and further including the right to sue and recover for past, present and future damages.

The parties acknowledge and agree that Stucki is the sole owner of all right, title, and interest in the Assigned Patents/Applications.

The parties authorize the United States Patent and Trademark Office and all foreign patent offices to record Stucki as owner of the entire right, title and interest in the Assigned Patents/Applications for the sole use and enjoyment of Stucki, its successors, assigns or other legal representatives as fully and exclusively as it would have been held and enjoyed by Salco had this assignment not been made.

Salco further agrees to: (a) cooperate with Stucki in the prosecution of the Assigned Patents/Applications and foreign counterparts; (b) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Stucki lawfully may request to obtain or maintain the Assigned Patents/Applications and patents issuing therefrom for the inventions and improvements in any and all countries.

This Assignment may be executed in any number of counterparts, each of which shall be an original, but all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of this Assignment by facsimile or other electronic method of transmission shall have the same force and effect as the delivery of an original executed counterpart of this Assignment. Any party delivering an executed counterpart of this Assignment by facsimile or other electronic method of transmission shall also deliver an original

executed counterpart, but the failure to do so shall not affect the validity, enforceability or binding effect of this Assignment.

IN WITNESS WHEREOF, and intending to be legally bound, the parties have caused this Assignment to be duly executed as of the Effective Date.
