TERMINATION OF SECURITY INTEREST IN PATENTS

This TERMINATION OF SECURITY INTEREST IN PATENTS ("Termination") is granted as of March 24, 2025, to Cook Medical Technologies LLC, an Indiana limited liability company ("Grantor"), by and from Wilmington Trust, National Association, as collateral agent ("Grantee").

WHEREAS, Grantor was previously the owner of record of the patents and patent applications listed on the attached Exhibit A (the "Released Patents"), which Released Patents were assigned to C2Dx, Inc., a Michigan corporation;

WHEREAS, the Grantor entered into that certain Pledge and Security Agreement dated as of February 27, 2024 with Grantee, along with other parties thereto ("Security Agreement");

WHEREAS, pursuant to the Security Agreement, Grantor and Grantee entered into a Supplemental Confirmatory Grant of Security Interest in United States Patents, dated February 27, 2024 (the "Grant");

WHEREAS, a true and correct copy of the Grant was recorded by the United States Patent and Trademark Office on February 28, 2024, at Reel 066700, Frame 0277; and

WHEREAS, the Released Patents were inadvertently included in the Grant, and Grantee desires to release its security interest in and related to the Released Patents.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, Grantee hereby:

a. terminates, discharges and releases any and all liens, security interests, and other rights of Grantee pursuant to the Security Agreement and the Grant in the Released Patents, without recourse, representation or warranty, express or implied; and

b. authorizes and requests the Commissioner of Patents and Trademarks of the United States of America to note and record the existence of the terminations, discharges and releases hereby given.

To the extent Grantee retains any such interest, Grantee hereby assigns, transfers and conveys to Grantor, all of Grantee's right, title and interest, now owned or hereinafter acquired, that it may have whether by assignment or otherwise, in and to any lien and continuing security interest in the Released Patents including, without limitation, the entire right, title and interest in and to each of the Released Patents, all improvements, divisions, continuations, renewals, reissues, extensions, continuations-in-part, and priority-related patents and applications thereof, in the United States and other countries or regions, all proceeds of infringement suits, the right to sue for past, present and future infringements, and all rights corresponding thereto and the goodwill of the business to which the Released Patents relates.

Grantee hereby agrees to execute, acknowledge and deliver all such further instruments and to take all such further actions as may be reasonably requested or are required in order to more fully and effectively carry out the purposes of this, all at the expense of Grantor. Grantee authorizes Grantor (or its agents) to file and record in the Patent and Trademark Office of the United States,

other federal or state offices or agencies, and any other applicable government authority, such documentation as is necessary to effect the releases of the Released Patents hereunder.

This Termination may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original. Delivery of an executed counterpart of a signature page to this Termination by facsimile or other electronic transmission shall be effective as delivery of a manually executed counterpart of this Termination.

THIS TERMINATION SHALL BE DEEMED TO BE A CONTRACT MADE UNDER AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK WITHOUT GIVING EFFECT TO THE PRINCIPLES OF CONFLICT OF LAWS THAT WOULD APPLY THE LAWS OF ANOTHER JURISDICTION.
