Hello,

I think it is in all our best interest, given the great response to the **Accumark Pencil Blade** at the IBS in Vegas last week, to get this agreement between us complete to each of our satisfaction. With an active partnership (my suggestion is forming a Delaware LLC), agreement between us, we can begin the process of negotiating on behalf of our shared interest as a company (LLC).

Currently, our very basic verbal understanding between us is the following.
Any disagreements please address now.

4. Currently we have three (3) Provisional Patent Applications in force with the USPTO. All three shall be assigned to the partnership (LLC), and will become assets of the partnership. Any patent(s) that result shall also be assigned to the partnership and a formal assignment shall be completed for the USPTO to register.
