PATENT AND TRADEMARK SECURITY
AGREEMENT dated as of August 8, 2005 (this "Agreement"),
between BLOCKBUSTER INC. (the "Borrower"), the Subsidiaries
of the Borrower identified herein and JPMORGAN CHASE
BANK, N.A., as Collateral Agent (the "Collateral Agent").

Reference is made to (a) the Credit Agreement dated as of August 20, 2004, as amended by the First Amendment dated as of May 4, 2005 (as further amended, supplemented or otherwise modified from time to time, the "Credit Agreement"), among Blockbuster Inc. (the "Borrower"), the Lenders party thereto and JPMorgan Chase Bank, N.A., as Administrative Agent and (b) the Security Agreement dated as of August 8, 2005 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), between the Borrower, the Subsidiaries of the Borrower identified therein and the Collateral Agent. The Lenders have extended, and have agreed to extend, credit to the Borrower subject to the terms and conditions set forth in the Credit Agreement. The obligations of the Lenders to extend such credit are conditioned upon, among other things, the execution and delivery of this Agreement. Each of the Grantors will derive substantial benefits from the extension of credit to the Borrower pursuant to the Credit Agreement and each is willing to execute and deliver this Agreement in order to induce the Lenders to extend such credit. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement. The rules of construction specified in Section 1.01 of the Security Agreement also apply to this Agreement.

SECTION 2. Grant of Security Interest. As security for the payment in full of the Obligations, each of the Grantors, pursuant to the Security Agreement, did and hereby does grant to the Collateral Agent, its permitted successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by it or in which it now has or at any time in the future may acquire any right, title or interest (collectively, the "Patent and Trademark Collateral"):

(a) all letters patent of the United States, all registrations and recordings thereof, and all applications for letters patent of the United States, including registrations, recordings and pending applications in the United States Patent and Trademark Office, including those listed on Schedule I (the "Patents");

(b) all reissues, continuations, divisions, continuations-in-part, renewals or extensions of the Patents, and the inventions disclosed or claimed in the Patents, including the right to make, use and/or sell the inventions disclosed or claimed in the Patents;

(c) all United States trademarks, service marks, trade names, corporate names, Borrower names, business names, fictitious business names, trade styles,

trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration and recording applications filed in the United States in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States, and all extensions or renewals thereof, including those listed on Schedule I (the "Trademarks");

(d) all goodwill associated with or symbolized by the Trademarks; and

(e) all assets, rights and interests that uniquely reflect or embody such goodwill.

SECTION 3. Security Agreement. The security interest granted to the Collateral Agent herein is granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Security Agreement. The Borrower hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the Patent and Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement as of the day and year first above written.
