TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT ("Trademark Security Agreement"), is entered into as of January 18, 2007, by HINES NURSERIES, INC., a California corporation ("Grantor"), in favor of BANK OF AMERICA, N.A., a national banking association, individually and in its capacity as Agent for Lenders ("Agent").

WITNESSETH:

WHEREAS, pursuant to that certain Loan and Security Agreement dated as of the date hereof by and among Grantor, the financial institutions signatory thereto from time to time as Lenders and the Agent (including all annexes, exhibits and schedules thereto, and as from time to time amended, restated, supplemented or otherwise modified, the "Loan Agreement"), the Lenders have agreed to make the Revolver Loans and to incur LC Obligations for the benefit of Borrower as set forth therein;

WHEREAS, this Trademark Security Agreement is required by the terms of the Loan Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby agrees as follows:

1. **DEFINED TERMS.** All capitalized terms used but not otherwise defined herein have the meanings given to them in Section 1.1 to the Loan Agreement. Additionally, the following terms shall have the following respective meanings:

"Trademark License" means rights under any written agreement now owned or hereafter acquired by Grantor granting any right to use any Trademark.

"Trademarks" means all of the following now owned or hereafter adopted or acquired by Grantor: (a) all trademarks, trade names, corporate names, business names, trade styles, service marks, logos, internet domain names, other source or business identifiers, prints and labels on which any of the foregoing have appeared or appear, designs and general intangibles of like nature (whether registered or unregistered), all registrations and recordings thereof, and all applications in connection therewith, including registrations, recordings and applications in the United States Patent and Trademark Office or in any similar office or agency of the United States, any state or territory thereof, or any other country or any political subdivision thereof; (b) all reissues, extensions or renewals thereof; and (c) all goodwill associated with or symbolized by any of the foregoing.

2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL.** Grantor hereby grants to Agent, for itself and the ratable benefit of Lenders, a continuing first priority security interest in all of Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "Trademark Collateral"):

(a) all of its Trademarks and Trademark Licenses to which it is a party including those referred to on Schedule I hereto;

(b) all reissues, continuations or extensions of the foregoing;

(c) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark License; and

(d) all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future (i) infringement or dilution of any Trademark or Trademark licensed under any Trademark License or (ii) injury to the goodwill associated with any Trademark or any Trademark licensed under any Trademark License;

provided, that notwithstanding any of the other provisions set forth in this Section 2, this Trademark Security Agreement shall not constitute a grant of a security interest in any property to the extent that such grant of a security interest is (x) prohibited by any requirements of any law, rule or regulation of a Governmental Authority, requires a consent not obtained of any Governmental Authority pursuant to such requirement or (y) prohibited by, or constitutes a breach or default under or results in the termination of or requires any consent not obtained under, any contract, license, agreement, instrument or other document evidencing or giving rise to such property; provided, further, that the exclusions set forth in clauses (x) and (y) above shall not apply to Accounts, payment intangibles or to any other category of Collateral to the extent such requirements of law, rule or regulation or the term in such contract, license, agreement, instrument or other document or shareholder or similar agreement providing for such prohibition, breach, default or termination or requiring such consent is ineffective under applicable law.

3. LOAN AGREEMENT. The security interests granted pursuant to this Trademark Security Agreement are granted in conjunction with the security interests granted to Agent, for itself and the ratable benefit of Lenders, pursuant to the Loan Agreement. Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.
