TRADEMARK SECURITY AGREEMENT

This Agreement dated February 6, 2014, is made by and between:

Danby Products Limited, Danby Products Inc. and Intirion Corporation (collectively, the **Grantors** and each a **Grantor**)

and

JPMorgan Chase Bank, N.A., Toronto Branch (the **Agent**).

WHEREAS JPMorgan Chase Bank, N.A., Toronto Branch as Agent, for and on behalf of itself and the other Secured Parties and such other persons that may from time to time be parties to the Credit Agreement as lenders, have agreed to make certain credit facilities available to the Grantors upon the terms and conditions contained in a credit agreement among, among others, the Grantors and the Agent dated as of this date (such credit agreement as it may at any time or from time to time, be amended, supplemented, restated or replaced, the **Credit Agreement**);

AND WHEREAS each Grantor has agreed to execute and deliver this Agreement to and in favour of the Agent as security for the payment and performance of each of the Secured Obligations (as defined in the Credit Agreement).

NOW THEREFORE, in consideration of the foregoing premises and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Grantors and the Agent agree as follows.

Article 1 - SECURITY

1.1 Grant of Security. As security for the Secured Obligations, each Grantor hereby grants to the Agent, for its own benefit as a lender and as agent a security interest in, and charges, pledges and hypothecates to the Agent, for its own benefit as a lender and as agent:

- (a) all of its right, title and interest in and to all trade-marks or services marks, whether registered or unregistered, now owned or hereafter acquired by such Grantor, including the trade-mark and service mark registrations and applications set forth in Schedule "A" (the **Trademarks**);
- (b) together with the goodwill symbolized thereby; any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Trademarks,

(all of the foregoing, the **Collateral**).

1.2 Attachment, Perfection, Possession and Control.

- (a) Each Grantor acknowledges that (i) value has been given, (ii) it has rights in the Collateral or the power to transfer rights in the Collateral to the Agent (other than after-acquired Collateral), (iii) it has not agreed to postpone the time of attachment of the Security Interest, and (iv) it has received a copy of this Agreement.
- (b) Each Grantor shall promptly inform the Agent in writing of the acquisition by such Grantor of any property which is not adequately described in this Agreement, and such Grantor shall execute and deliver, from time to time, at its own expense, amendments to this Agreement and its schedules or additional security agreements or schedules as may be required by the Agent in order to preserve, protect and perfect its Security Interest in such property.

1.3 Scope of Security Interest. The Security Interest with respect to the Trademarks constitutes a security interest in, and a charge, hypothecation and pledge of, such Collateral in favour of the Agent, but does not constitute an assignment or mortgage of such Collateral to the Agent. Until the Security Interest becomes enforceable, the grant of the Security Interest in the Collateral will not affect in any way each Grantors' rights to commercially exploit it or defend or enforce such Grantor's rights in it or with respect to it.

1.4 Merger or Amalgamation. In the event a Grantor merges or otherwise amalgamates with any other corporation or corporations, it is the intention of the parties that the Security Interest will (a) extend to all Collateral that (i) any of the merging or amalgamating corporations own, or (ii) the merged or amalgamated corporation thereafter acquires, and (b) secure the payment and performance of all of the Secured Obligations, including any Secured Obligations at any time or from time to time due or accruing or due and owing by or otherwise payable by any of the merging or amalgamating corporations and the merged or amalgamated corporation, whether incurred prior to, or at the time of, or subsequent to, any merger or amalgamation. The Security Interest will attach to the Collateral of the merging or amalgamating corporations not previously subject to this Agreement at the time of merger or amalgamation and to any Collateral thereafter owned or acquired by the merged or amalgamated corporation when same becomes owned or is acquired. Upon any such merger or amalgamation, the defined term "Grantor" means, collectively, each of the merging or amalgamating corporations and the merged or amalgamated corporation, the defined term Collateral means all of the property, assets, undertaking and interests described in (a) above, and the defined term Obligations means the obligations described in (b) above.

1.5 Recordation. Each Grantor authorizes and requests that the applicable government officer of the United States Patent and Trademark Office record this Agreement.

1.6 Release of Security Interest. Upon termination of the U.S. Security Agreement (as defined in the Credit Agreement) in accordance with the provisions thereof, this Agreement shall also terminate and the Agent shall, at the expense of the Grantors, execute and deliver to the Grantors all instruments and other documents as may be necessary or proper to release the lien on any Security Interest in the Collateral which has been granted hereunder.

1.7 Authorization to Supplement. If any Grantor shall obtain rights to any new trademark application or issued trademark or become entitled to the benefit of any trademark application or Trademark for any divisional, continuation, continuation-in-part, reissue, or reexamination of any existing Trademark or trademark application, the provisions of this Trademark Security Agreement shall automatically apply thereto. Each Grantor hereby authorizes Administrative Agent unilaterally to modify this Trademark Security Agreement by amending Schedule A to include any such new trademark rights of such Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule A shall in any way affect, invalidate or detract

from Administrative Agent's continuing security interest in all Collateral, whether or not listed on Schedule A.
