Reference is made to (a) that certain Credit Agreement dated as of February 5, 2016 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time and in effect on the date hereof, the "**Credit Agreement**") among, *inter alios*, Major Wire Screening Inc., Major Wire Industries Ltd., Haver, Inc. Major Wire Screen Media Ltd., Major Wire Texas, Inc., Tylinter, Inc. and the Grantor (collectively, the "**Borrowers**") and the Lender, and (b) that certain Pledge and Security Agreement dated as of February 5, 2016 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time and in effect on the date hereof, the "**Security Agreement**"), among the Grantor, the other Borrowers, certain other Loan Parties (as defined therein) and the Lender. The Lender has agreed to extend credit to the Borrowers subject to the terms and conditions set forth in the Credit Agreement. The Grantor is willing to execute and deliver this Agreement in order to induce the Lender to enter into the Credit Agreement, the Security Agreement and certain other Loan Documents (as defined in the Credit Agreement). Accordingly, the parties hereto agree as follows:

1 Terms.

Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement or the Credit Agreement, as applicable.

2 Grant of Security Interest.

To secure the prompt payment and performance, in full when due of the Secured Obligations, the Grantor hereby grants to the Lender, on behalf of and for the benefit of the Secured Parties, a security interest (the "**Security Interest**") in all of the Grantor's right, title and interest in, to and under Collateral consisting of any Intellectual Property arising under the Laws of the United States or Canada now owned or at any time hereafter acquired by the Grantor, including those registered or applied for Trademarks listed on Schedule A and Patents listed on Schedule B; provided that no security interest is granted on any intent-to-use trademark applications or patent applications filed in the Canadian Intellectual Property Office or the United States Patent and Trademark Office to the extent that, and solely during the period in which the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications or patent applications under applicable Requirements of Law or other Excluded Property (collectively, the "**Intellectual Property Collateral**"). The Grantor (a) authorizes and requests that the Commissioner for Trademarks record this Agreement, and (b) authorizes and agrees that Lender may record this Agreement with the United States Patent and Trademark Office.

3 Security Agreement.

The Security Interest granted to the Lender herein is granted in furtherance, and not in limitation, of the security interests granted to the Lender pursuant to the Security Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the Intellectual Property Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

4 Recordation; New Intellectual Property Collateral.

The Grantor authorizes and requests that the commissioner, registrar or any other applicable government officer of the Canadian Intellectual Property Office record this Agreement, and authorizes and agrees that Lender may record this Agreement with the United States Patent and Trademark Office. If Grantor shall obtain rights to any new Intellectual Property Collateral, the provisions of Sections 2 and 3 hereof shall automatically apply thereto as if the same were identified on Schedules A and/or B attached hereto and made a part hereof as of the date hereof, and Grantor shall give Lender prompt written notice thereof. Grantor hereby authorizes Lender to modify this Agreement by amending Schedules A and/or B to include any future Intellectual Property Collateral as contemplated by Sections 2 and this Section 4 and, at Lender's request, Grantor shall execute any documents or instruments reasonably required by Lender in order to modify this Agreement as provided in this Section 4, provided that any such modification to Schedules A and/or B shall be effective without the signature of Grantor. Grantor hereby acknowledges that Lender may refile or re-record this Agreement with the United States Patent and Trademark Office, together with any such modification to Schedules A and/or B.

5 Event of Default.

Grantor shall also execute and deliver to Lender the Assignment in substantially the form of Exhibit A, which Assignment shall have no force and effect and shall be held by Lender in escrow, until the occurrence of an Event of Default beyond any applicable cure periods; provided that, anything herein to the contrary notwithstanding, the security interest granted herein shall be effective as of the date of this Agreement. After the occurrence of an Event of Default beyond any applicable cure periods, the Assignment shall take effect immediately upon certification of such fact by an authorized officer of Lender in such Assignment and upon written notice to Grantor and thereafter Lender may, in its discretion, record the Assignment with the United States Patent and Trademark Office.

6 Counterparts.

This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original but all of which when taken together shall constitute a single contract. Delivery of an executed signature page to this Agreement by facsimile or other electronic transmission shall be effective as delivery of a manually signed counterpart of this Agreement.

7 Termination.

Upon the termination of the Security Agreement in accordance with its terms, or any disposition of the Intellectual Property Collateral in a transaction permitted under the Credit Agreement, following a written request therefor, the Lender shall execute, acknowledge, and deliver to the Grantor (at the Grantor's sole expense) an instrument in writing in recordable form releasing the grant and security interest in the applicable Intellectual Property Collateral under this Agreement and take any other actions reasonably requested by the Grantor to effect such release.

8 Governing Law.

This Agreement is made under and shall be governed by and construed in accordance with the internal laws (and not the law of conflicts) of the State of Ohio, but giving effect to federal laws applicable to national banks.
