TRADEMARK SECURITY AGREEMENT, dated as of April 14, 2022 (this "Agreement"), between SCIENTIFIC GAMES INTERNATIONAL, INC., SCIENTIFIC GAMES CORPORATION, SG GAMING, INC. and DON BEST SPORTS CORPORATION (the "Grantors") and JPMORGAN CHASE BANK, N.A., as Collateral Agent.

Reference is made to the Guarantee and Collateral Agreement, dated as of April 14, 2022 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among Scientific Games International, Inc. a Delaware corporation (the "Borrower"), Scientific Games Corporation (doing business as Light & Wonder), a Nevada corporation ("Holdings"), the subsidiaries of Holdings party thereto and JPMorgan Chase Bank, N.A., as Collateral Agent (in such capacity, the "Collateral Agent") for the banks and other financial institutions or entities (the "Lenders") from time to time parties to the Credit Agreement, dated as of April 14, 2022 (as amended, waived, supplemented or otherwise modified from time to time, the "Credit Agreement"), among the Borrower, Holdings, the Lenders, JPMorgan Chase Bank, N.A., as Administrative Agent, Collateral Agent, Swingline Lender and Issuing Lender, and the other banks and financial institutions party thereto. The Grantors are engaged in related businesses with the Borrower, and the Grantors will derive substantial benefits from the extension of credit to the Borrower pursuant to the Credit Agreement. Accordingly, the parties hereto agree as follows:

**SECTION 1. Terms.** Capitalized terms used in this Agreement and not otherwise defined herein have the meanings specified in the Security Agreement. The other definitional provisions specified in Section 1.2 of the Security Agreement also apply to this Agreement.

**SECTION 2. Grant of Security Interest.** As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor, pursuant to the Security Agreement, did and hereby does grant to the Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by any Grantor or in which any Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "Trademark Collateral"):

(i) all trademarks, trade names, corporate names, company names, business names, domain names, fictitious business names, trade dress, trade styles, service marks, logos and other source or business identifiers, designs and general intangibles of like nature, and all goodwill associated therewith or symbolized thereby, all registrations and recordings thereof, and all applications in connection therewith (except for "intent to use" applications for trademark or service mark registrations filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, unless and until an Amendment to Allege Use or a Statement of Use under Section 1(c) or 1(d) of said Act has been filed), whether in the United States Patent and Trademark Office or in any similar office or agency of the United States or any State thereof, and all United States common-law rights related thereto owned by each Grantor in its own name, including, without limitation, any of the foregoing referred to in Schedule I and (ii) the right to obtain all renewals thereof.

**SECTION 3. Security Agreement.** The security interests granted to the Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.
