PATENT AND TRADEMARK SECURITY AGREEMENT

THIS PATENT AND TRADEMARK SECURITY AGREEMENT (this "Agreement") is entered into as of July 15, 2022 by and among Zhongli North America, Inc., a Michigan corporation ("Zhongli NA"), Stern Rubber Company, a Minnesota corporation ("Stern"), Zhongli Corporation, Inc., a Delaware corporation ("Zhongli"), Zhongli Holdings, LLC, a Michigan limited liability company ("Holdings"), Zhongli, LLC, a Michigan limited liability company ("Zhongli, LLC") (Zhongli NA, Stern, Zhongli, Holdings and Zhongli, LLC each a "Grantor", and collectively, the "Grantors"), and JPMORGAN CHASE BANK, N.A., (the "Lender").

RECITALS

A. The Grantors and the Lender Agent have entered into a Credit Agreement dated as of July 15, 2022 (as it may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement").

B. In connection with the Credit Agreement, the Grantors are entering into that certain Pledge and Security Agreement dated as of July 15, 2022 (as it may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement") with the Lender. All capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Security Agreement.

C. Pursuant to the terms of the Security Agreement, each Grantor pledged, assigned, and granted to the Lender, a first-priority security interest in substantially all of the assets of such Grantor, including all right, title, and interest of such Grantor in, to, and under all now owned and hereafter acquired Patents, patent applications, patent licenses, Trademarks, trademark applications, trademark licenses, and all products and proceeds thereof, to secure the prompt and complete payment and performance of the Secured Obligations (as defined in the Credit Agreement).

D. Pursuant to the terms of the Security Agreement, the Grantors are required to execute and deliver to the Lender, this Agreement.

AGREEMENT

In consideration of the recitals set forth above and the mutual agreements contained herein and in the Credit Agreement and other Loan Documents, each Grantor hereby grants to the Lender, to secure the Secured Obligations, a continuing security interest in all of such Grantor's right, title, and interest in, to, and under the following, whether now owned by or owing to, or hereafter acquired by or arising in favor of such Grantor (including any trade name or derivations thereof):

- (1) each trademark and trademark application, including without limitation, each trademark and trademark application referred to in Schedule 1 attached hereto, together with any reissues, continuations, or extensions thereof and all goodwill associated therewith;
- (2) all products and proceeds of the foregoing, including without limitation, any claim by the Grantor against third parties for past, present, or future infringement of any trademark, including without limitation, any trademark referred to in Schedule 1 attached hereto and any trademark issued pursuant to a trademark application referred to in Schedule 1 (items 1 through 2 being herein collectively referred to as the "Trademark Collateral");

- (3) each patent and patent application, including without limitation, each patent referred to in Schedule 2 attached hereto, together with any reissues, continuations, or extensions thereof and all goodwill associated therewith; and
- (4) all products and proceeds of the foregoing, including without limitation, any claim by the Grantor against third parties for past, present, or future infringement of any patent, including without limitation, any patent referred to in Schedule 2 attached hereto and any patent issued pursuant to a patent application (items 3 through 4 being herein collectively referred to as the "Patent Collateral").

The security interests granted to the Lender herein are granted in furtherance, and not in limitation of, the security interests granted to the Lender pursuant to the Security Agreement; provided, however, that nothing in this Agreement shall expand, limit, or otherwise modify the security interests granted in the Security Agreement. Each Grantor acknowledges and affirms that the rights and remedies of the Lender with respect to the security interest in the Trademark Collateral and the Patent Collateral made and granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.

This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract.

This Agreement shall be governed by, and construed in accordance with, the internal laws (and not the law of conflicts) of the State of Michigan, but giving effect to federal laws applicable to national banks.

[Signature pages follow]

IN WITNESS WHEREOF, the Grantors have executed this Agreement as of the date first set forth above.
