WHEREAS, HEALTHE, a Delaware corporation (hereinafter referred to as "Assignee"), is desirous of acquiring the same;

NOW THEREFORE, Assignor and Assignee hereby agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby irrevocably convey,

sell, assign and transfer to Assignee, its successors and assigns, all right, title and interest in and to the following:

(a) the above-referenced U.S. Patents and U.S. Patent Applications, the invention or inventions therein shown and described and any improvements on said invention heretofore or hereafter made, any divisionals, continuations or continuations-in-part of said application, and all patents, United States and foreign, to be granted upon any such application or for the invention or inventions thereof, and any reissues or extensions of said patents; and Assignor

(b) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(c) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor does hereby authorize and request the Commissioner of Patents to issue the patent on said United States Patent Application or for the invention or inventions hereof, in accordance with this Assignment. Assignor further covenants and agrees that Assignor is the owner of the full title herein conveyed and has the right to convey the same, and agrees that Assignor will communicate to Assignee any facts known to Assignor respecting said invention or inventions, and testify in any legal proceedings when called upon by Assignee, sign all lawful papers deemed by Assignee as expedient to vest in it the legal title herein sought to be conveyed or for the filing and prosecution of all applications and patents, United States and foreign, and otherwise aid Assignee, its successors and assigns, in obtaining full patent protection on said invention or inventions and enforcing proper protection under

said patent, but in every instance at Assignee's expense. Assignor consents to the execution of a Substitute Statement in Lieu of an Oath or Declaration which will be filed by Assignee, pursuant to 37 CFR 1.64, should any inventor refuse or be unable to execute any document necessary to prosecute or file this invention or any related inventions.
