**AGREEMENT
(Trademark)**

THIS AGREEMENT (TRADEMARK) ("Agreement"), dated as of January 27, 2000, is between BIOCONTROL SYSTEMS, INC., a Delaware corporation ("Grantor"), and U.S. BANK NATIONAL ASSOCIATION ("Lender").

WITNESSETH

WHEREAS, pursuant to a Credit Agreement dated as of January 27, 2000 (together with all amendments and other modifications, if any, from time to time thereafter made thereto, the "Credit Agreement"), between Grantor and Lender, Lender has committed to extend certain credit facilities to Grantor;

WHEREAS, in connection with the Credit Agreement, Grantor has executed and delivered a Security Agreement, dated as of the date hereof (together with all amendments and other modifications, if any, from time to time thereafter made thereto, the "Security Agreement");

WHEREAS, as a condition precedent to the making of the initial extensions of credit under the Credit Agreement, Grantor is required to execute and deliver this Agreement and to grant to Lender a continuing security interest in all of the Trademark Collateral (as defined below) to secure all Secured Obligations; and

WHEREAS, Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce Lender to make the extensions of credit to Grantor pursuant to the Credit Agreement, Grantor agrees with Lender as follows:

1. Definitions

Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided in the Security Agreement.

2. Grant of Security Interest

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, to secure all of the Secured Obligations, Grantor does hereby mortgage, pledge and hypothecate to Lender, and grant to Lender a security interest in, for its benefit

and the benefit of Lender, all of the following property (the "Trademark Collateral"), whether now owned or hereafter acquired or existing:

(a) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos, other source of business identifiers, prints and labels on which any of the foregoing have appeared or appear, designs and general intangibles of a like nature (all of the foregoing items in this clause (a) being collectively called a "Trademark"), now existing anywhere in the world or hereafter adopted or acquired, whether currently in use or not; and all common law rights thereto, all registrations and recordings thereof and all applications in connection therewith, whether pending or in preparation for filing, including registrations, recordings and applications in the United States Patent and Trademark office or in any office or agency of the United States of America or any State thereof or any foreign country, including those referred to in Attachment I hereto;

(b) all Trademark licenses, including each Trademark license referred to in Attachment I hereto;

(c) all reissues, extensions or renewals of any of the items described in clauses (a) and (b);

(d) all of the goodwill of the business connected with the use of, and symbolized by the items described in, clauses (a), (b), and (c); and

(e) all proceeds of, and rights associated with, the foregoing, including any claim by Grantor against third parties for past, present, or future infringement or dilution of any Trademark, Trademark registration or Trademark license, including any Trademark, Trademark registration or Trademark license referred to in Attachment I hereto, or for any injury to the goodwill associated with the use of any Trademark or for breach or enforcement of any Trademark license.

3. Security Agreement

This Agreement has been executed and delivered by Grantor for the purpose of registering the security interest of Lender in the Trademark Collateral with the United States Patent and Trademark Office and corresponding offices in other countries of the world. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest granted to Lender under the Security Agreement. The Security Agreement (and all rights and remedies of Lender thereunder) shall remain in full force and effect in accordance with its terms.

4. Release of Security Interest

Upon payment in full of all Secured Obligations and the termination of all Commitments, Lender shall, at Grantor's expense, execute and deliver to Grantor all

instruments and other documents as may be necessary or proper to release the lien on and security interest in the Trademark Collateral which has been granted hereunder.

5. Acknowledgment

Grantor does hereby further acknowledge and affirm that the rights and remedies of Lender with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein.

6. Loan Document, Etc.

This Agreement is a Loan Document executed pursuant to the Credit Agreement and shall (unless otherwise expressly indicated herein) be construed, administered and applied in accordance with the terms and provisions of the Credit Agreement.

7. Counterparts

This Agreement may be executed by the parties hereto in several counterparts, each of which shall be deemed to be an original and all of which shall constitute together but one and the same agreement.

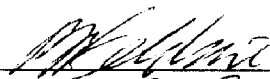

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the day and year first above written.
