and Trademarks listed in Schedule A hereto, and all reissues, extensions or renewals thereof;

(b) each written agreement under which Assignor is the licensor granting any right to use any of the Trademarks;

(c) the goodwill and other Collateral associated with each of the Trademarks and Trademark applications; and

(d) all proceeds of the foregoing, including, without limitation, license royalties and claims against third parties for any past, present or future infringements or dilution of any Trademark or any Trademark license under which Assignor is the licensor, or any injury to the goodwill associated therewith.

2. Assignor's Representations and Warranties.

Assignor represents and warrants to Assignee that:

(a) The Trademarks are subsisting and have not been adjudged invalid or unenforceable, in whole or in part;

(b) Assignor does not own any Trademarks other than as listed on Schedule A and is not a party to, or an assignee of a party to, any Trademark license under which Assignor is the licensor, other than as listed on Schedule A;

(c) Assignor is and shall at all times remain the sole and exclusive owner of the entire and unencumbered right, title and interest in and to each of its Trademarks, free and clear of any liens, charges and encumbrances, including without limitation pledges, assignments, licenses and covenants by Assignor not to sue third persons, except for (i) the interest of Assignee under this Agreement and (ii) "Permitted Liens" (as defined in the Loan and Security Agreement); and

(d) Assignor has the unqualified right and power to enter into this Agreement and perform its terms and has entered and will enter into written agreements with each of its present and future employees, agents and consultants that will enable it to comply with the covenants herein contained.

3. Restrictions on Future Agreements.

Assignor agrees that, until all of the Obligations shall have been satisfied in full, it will not enter into any agreement (such as, by way of example, a license agreement) that is inconsistent with Assignor's obligations under this Agreement, without Assignee's prior written consent, which consent shall not be unreasonably withheld.

4. New Trademarks. If, before the Obligations shall have been satisfied in full, Assignor shall obtain rights to any new Trademarks, the provisions of Paragraph 1 of this Agreement shall automatically apply thereto and Assignor shall give to Assignee prompt written notice thereof. If requested by Assignee, Assignor will take all steps necessary to effect the registration of such new Trademarks, if not already registered.

5. Assignee's Right to Update List of Trademarks. Assignor hereby authorizes Assignee to modify this Agreement by amending Schedule A hereto to include any future Trademarks and Trademark applications acquired by Assignor.

6. Power of Attorney. Upon the occurrence and during the continuation of an "Event of Default" under and as defined in the Loan and Security Agreement, Assignor hereby authorizes and empowers Assignee to make, constitute and appoint any officer or agent of Assignee, as Assignee may select in its exclusive discretion, as Assignor's true and lawful attorney-in-fact, with the power (a) to endorse Assignor's name on all applications, documents, papers and instruments necessary for Assignee to use the Trademarks, (b) to grant or issue any exclusive or nonexclusive license under the Trademarks to any third person, or (c) to endorse Assignor's name on all applications, documents, papers and instruments necessary for Assignee to assign, pledge, convey or otherwise transfer title in or dispose of the Trademarks to any third person. Assignor hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable for the life of this Agreement.

7. Duties of Assignor. Assignor shall have the duty, through counsel acceptable to Assignee, to prosecute diligently any Trademark applications pending as of the date of this Agreement or thereafter until the Obligations all have been paid in full, and to preserve and maintain all rights in the Trademarks, including, without limitation, the payment of all maintenance fees. Any expenses incurred in connection with such an application shall be borne by Assignor. Assignor shall not abandon any right to file a Trademark application, or any pending Trademark application or Trademark without the prior written consent of Assignee, which consent shall not be unreasonably withheld. Assignor shall protect and preserve the value and integrity of the Trademarks and, to that end, shall maintain the quality of any and all of the products or services bearing the trademarks or servicemarks included in such Trademarks at least consistent with the quality of such products and services and Assignor's use of such marks as of the date of this Assignment. Assignee agrees to act in a commercially reasonable manner to preserve such value and integrity in the course of any disposition of the Trademarks hereunder.

9. Severability. The provisions of this Agreement are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or enforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.
