**PATENT AND TRADEMARK SECURITY AGREEMENT**

This Patent and Trademark Security Agreement dated as of December 10, 2002 (this "Patent and Trademark Security Agreement") is made by LYONDELL-CITGO Refining LP, a Delaware limited partnership ("Grantor"), having an address at 12000 Lawndale, Houston, Texas 77252, to Credit Suisse First Boston, a bank organized under the laws of Switzerland, as Collateral Agent (the "Agent") for the benefit of the Secured Parties (defined below).

Preliminary Statement

Credit Suisse First Boston as administrative agent (the "Term Agent"), the Grantor, and certain financial institutions party thereto as Lenders (the "Term Lenders") have entered into a Term Credit Agreement dated as of December 10, 2002 (the "Term Credit Agreement"). Credit Suisse First Boston as administrative agent (the "Revolving Agent"), the Grantor, the Issuers party thereto (the "Revolving Issuers"), and certain financial institutions party thereto as Lenders (the "Revolving Lenders") have entered into a Revolving Credit Agreement dated as of December 10, 2002 (the "Revolving Credit Agreement"). The Term Agent, the Term Lenders, the Revolving Agent, the Revolving Issuers, and the Revolving Lenders shall be referred to herein as the "Secured Parties."

The Grantor owns the patents, patent registrations, patent applications, trademarks, trademark registrations, and trademark applications, and is a party to the patent and trademark licenses listed on Schedule I annexed hereto and by this reference incorporated herein.

Pursuant to the terms of the Security Agreement dated as of December 10, 2002 (as the same may be amended and in effect from time to time, the "Security Agreement") of Grantor in favor of Agent for the benefit of the Secured Parties, Grantor has granted a security interest in the Collateral, as such term is defined in the Security Agreement, including, without limitation, all right, title and interest of Grantor in, to, and under all now owned and hereafter acquired Patents and Trademarks (each as defined in the Security Agreement), set forth on Schedule I attached hereto, to secure the payment of all Secured Obligations (as defined in the Security Agreement).

Agreement

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby grants to Agent for the benefit of the Secured Parties a security interest in all of Grantor's right, title, and interest in, to, and under the following, whether presently existing or hereafter created or acquired (the "Patent and Trademark Collateral"):

(a) (i) all letters patent of the United States, all registrations and recordings thereof and all applications for letters patent of the United States, including registrations, recordings and pending applications in the United States Patent and Trademark Office and (ii) all

reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof and the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein; including but not limited to all the property set forth as "Patents" on Schedule I hereto;

(b) (i) all trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all registration applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office, any State of the United States or any similar offices in any other country or any political subdivision thereof, and all extensions or renewals thereof, (ii) all goodwill associated therewith or symbolized thereby, and (iii) all other assets, rights and interests that uniquely reflect or embody such goodwill; including but not limited to all the property set forth as "Trademarks" on Schedule I hereto; and

(c) all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future (a) infringement or dilution of any patent, trademark, or patent or trademark registrations referred to in Schedule I annexed hereto, the patent or trademark registrations issued with respect to the patent or trademark applications referred to in Schedule I and the trademarks licensed under any trademark license, or (b) injury to the goodwill associated with any patent, trademark, patent or trademark registration, or patent or trademark licensed under any patent or trademark license;

provided that in no event shall the term "Patent and Trademark Collateral" include any asset or property of Grantor which would be rendered void or voidable, or which if included in Patent and Trademark Collateral would violate, be prohibited by, or constitute a default under any agreement, contract, document or law relating thereto, would require any consent which has not been obtained, or would result in the incurrence or imposition of any penalty upon the Grantor or any Subsidiary (as defined in the Security Agreement) as a result of a grant of a security interest in such asset or property; and provided further that this security interest is granted subject to preexisting trademark licenses included within (i) the Paraffinic Lubricants Base Oil Sales Agreement dated January 1, 1999 between the Grantor (formerly LYONDELL-CITGO Refining Company Ltd.) and CITGO Petroleum Corporation and (ii) the Napthenic Lubricants, White Mineral Oils and Specialty Oils Sales Agreement dated January 1, 1999 between the Grantor (formerly LYONDELL-CITGO Refining Company Ltd.) and CITGO Petroleum Corporation.

This security interest is granted in conjunction with the security interests granted to Agent pursuant to the Security Agreement. Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the Patent and Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

IN WITNESS WHEREOF, Grantor has caused this Patent and Trademark Security Agreement to be duly executed by its officer duly authorized as of the date first above written.
