PATENT AND TRADEMARK SECURITY AGREEMENT

THIS PATENT AND TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of October 26, 2004, is entered into by BRAVO SPORTS, a California corporation ("Bravo") and VARIFLEX, INC., a Delaware corporation ("Variflex" and, together with Bravo, "Debtors") in favor of BANK OF AMERICA, N.A., as Agent for the Lenders referred to below ("Agent"), each Lender, each other Creditor (as defined in the Loan Agreement referred to below), and their successors and assigns (Agent is also referred to herein as "Secured Party", and Secured Party, the Lenders and the other Creditors are each referred to herein as a "Beneficiary" and collectively as the "Beneficiaries").

RECITALS

A. Pursuant to the Loan and Security Agreement of even date herewith, by and among Debtors, the lenders from time to time a party thereto (collectively, the "Lenders" and individually, a "Lender") and Agent (as amended, extended, renewed, supplemented, or otherwise modified from time to time, the "Loan Agreement"), the Lenders have agreed to extend certain credit facilities to Debtors. Terms defined in the Loan Agreement and not otherwise defined in this Agreement shall have the meanings given those terms in the Loan Agreement as though set forth herein in full.

B. The Loan Agreement provides, as a condition to the availability of such credit facilities, that Debtors enter into this Agreement and grant security interests to Secured Party as herein provided.

NOW, THEREFORE, in order to induce the Lenders to extend the aforementioned credit facilities, and for other valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. SECURITY INTEREST

Each Debtor hereby grants to Secured Party, for the benefit of the Beneficiaries, a security interest in all of such Debtor's now existing or hereafter acquired right, title and interest in and to:

A. All of such Debtor's trademarks, trade names, trade dress and service marks; all applications, registrations and recordings relating to the foregoing in the United States Patent and Trademark Office or in any similar office or agency of the United States of America, any state thereof, any political subdivision thereof or in any other countries, and all reissues, extensions and renewals thereof including those trademarks, terms, designs and applications; all prints and labels on which such trademarks, trade names, trade dress and service marks appear, have appeared or will appear, and all designs and general intangibles of a like nature, all as described in Schedule A hereto (collectively, the "Trademarks");

B. The goodwill of the business symbolized by each of the Trademarks and all customer lists and other records relating to the distribution of products or services bearing the Trademarks;

C. To the extent permitted by applicable law, all of such Debtor's interests in any patents, whether foreign or domestic; all applications, registrations and recordings relating to such patents in the United States Patent and Trademark Office or in any similar governmental office or agency of the United States of America, any State thereof, any political subdivision thereof and all reissues, extensions and renewals thereof, including, without limitation, those patents, applications, registrations and recordings described in Schedule B hereto (the "Patents"); and

D. Any and all proceeds of any of the foregoing, including, without limitation, any claims by such Debtor against third parties for infringement of the Trademarks or Patents or for breach of any licenses with respect thereto (all of the foregoing in clauses (A) through (D) are collectively referred to herein as the "Collateral").

2. OBLIGATIONS SECURED

The security interests granted by Debtors to Secured Party in this Agreement for the benefit of Beneficiaries shall secure the Obligations. The secured obligations referred to in this Section 2 are collectively referred to herein as the "Secured Obligations".

3. WARRANTIES AND COVENANTS

Each Debtor hereby covenants, represents and warrants, as applicable, that (all of such covenants, representations and warranties being continuing in nature so long as any of the Secured Obligations are outstanding (other than contingent indemnity and expense reimbursement obligations for which no claim has been made)):

A. All of that portion of the existing Collateral owned by such Debtor is valid and subsisting in full force and effect to such Debtor's knowledge, and such Debtor owns sole, full, and clear title thereto, and has the right and power to grant the security interests granted hereunder. Such Debtor will, at such Debtor's expense and in accordance with reasonable business practices, perform all acts and execute all documents reasonably necessary to maintain the existence of the material registered trademarks owned by such Debtor as valid, subsisting and registered trademarks (other than any such Trademarks deemed by such Debtor in its reasonable business judgment to no longer be necessary in or material to the conduct of such Debtor's business), including, without limitation, the filing of any renewal affidavits and applications. The Collateral is not subject to any Lien, except the security interest granted hereunder, the licenses, if any, which are specifically described in Schedule C hereto and Permitted Liens.

B. Except as otherwise permitted by the Loan Agreement, such Debtor will not assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or Lien upon, encumber, grant an exclusive license relating to that portion of the material Collateral owned by such Debtor, except to Secured Party, or otherwise dispose of any of that portion of the material Collateral owned by such Debtor without the prior written consent of Secured Party (which consent shall not be unreasonably withheld or delayed), except that such Debtor may grant non-exclusive licenses relating to that portion of the material Collateral owned by such Debtor.

C. Such Debtor hereby authorizes Secured Party to have this Agreement filed with the Commissioner of Patents and Trademarks or other appropriate federal, state or government office.

D. Such Debtor will, concurrently with the execution and delivery of this Agreement, execute and deliver to Secured Party five (5) originals of a Power of Attorney in the form of Exhibit 1 annexed hereto solely for the implementation of the assignment, sale or other disposition of the Collateral upon the occurrence and during the continuation of an Event of Default pursuant to Secured Party's exercise of the rights and remedies granted to Secured Party hereunder. Secured Party agrees it will only exercise the Power of Attorney upon the occurrence and during the continuation of an Event of Default.

E. Secured Party may, to the extent permitted by the Loan Agreement, pay any amount or do any act which such Debtor fails to pay or do as required hereunder or as reasonably

requested by Secured Party to maintain and preserve the Collateral, defend, protect, record, amend or enforce the Secured Obligations, the Collateral, or the security interest granted hereunder (except with respect to any Collateral deemed by such Debtor in its reasonable business judgment to no longer be necessary in or material to the conduct of such Debtor's business), including but not limited to, all filing or recording fees, court costs, collection charges and reasonable attorneys' fees. Such Debtor will be liable to Secured Party for any such payment, and such payment shall be payable promptly upon receiving written demand from Secured Party, together with interest at the rate set forth in the Loan Documents, and shall be part of the applicable Secured Obligations; provided, that Debtors shall not be responsible for such expenses to the extent incurred because of the negligence or willful misconduct of any Beneficiary or any of their respective representatives.

F. As of the date hereof, such Debtor does not have any material Trademarks or Patents that are registered, or are the subject of pending applications, in the United States Patent and Trademark Office or any similar governmental office or agency in the United States other than those described in Schedule A and B annexed hereto.

G. Such Debtor shall notify Secured Party in writing of the filing by such Debtor of any application for the registration of a Trademark or Patent with the United States Patent and Trademark Office or any similar governmental office or agency in the United States of America or any state therein within forty-five (45) days after such filing. Upon written request of Secured Party, such Debtor shall execute and deliver to Secured Party any and all amendments to this Agreement as may be reasonably requested by Secured Party and reasonably necessary to evidence the security interests of Secured Party for the benefit of the Beneficiaries in such Trademark.

H. Such Debtor (1) has not abandoned any of the Trademarks or Patents and such Debtor will not, without Secured Party's consent, knowingly do any act, nor knowingly omit to do any act, whereby the material Trademarks or Patents may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable, and (2) shall notify Secured Party promptly if such Debtor knows of any reason why any application, registration or recording for any material Trademarks or Patents may become or should be abandoned, canceled, invalidated, unenforceable, avoided, or avoidable, except in the cases of clauses (1) and (2) where such abandonment, cancellation, invalidation or unenforceability (a) would not reasonably be expected to have a Material Adverse Effect or (b) pertains to any Trademark or Patent deemed by such Debtor in its reasonable business judgment to no longer be necessary in or material to the conduct of such Debtor's business.

I. Such Debtor will take such actions in any proceeding before the United States Patent and Trademark Office, any federal or state court or any similar governmental office or agency in the United States of America or any state therein or any other country as are reasonably necessary to maintain the application and registration of the material Trademarks or Patents owned by such Debtor as such Debtor's exclusive property and to protect Secured Party's interest therein (other than with respect to applications and registrations deemed by such Debtor in its reasonable business judgment to no longer be necessary in or material to the conduct of such Debtor's business), including, without limitation, filing of renewals, affidavits of use and affidavits of incontestability and opposition, interference and cancellation proceedings.

J. Such Debtor will promptly notify Secured Party if such Debtor learns of any use by any person of any term or design likely to cause confusion with any material Trademark or of any use by any person of any product that infringes upon any material Trademark. If requested by Secured Party, such Debtor, at such Debtor's expense, shall take reasonable action in accordance with reasonable business practices for the protection of Secured Party's interest in and to the material Trademarks.

K. Such Debtor will maintain the quality of the products associated with the material Trademarks at a level consistent with the quality at the time of this Agreement. Such Debtor hereby grants to Secured Party the right to visit such Debtor's plant and facilities which manufacture or store products sold under any of the material Trademarks and to inspect the products and quality-control records relating thereto at such times as permitted in the Loan Agreement.

4. RIGHTS AND REMEDIES

Upon the occurrence and during the continuation of an Event of Default, in addition to all other rights and remedies of Secured Party, whether provided under applicable law, the Loan Documents or otherwise, and after expiration of any grace period, Secured Party shall have the following rights and remedies which may be exercised without notice to, or consent by, Debtors, except as such notice or consent is expressly provided for hereunder or under the Loan Documents.

A. To the extent not prohibited by any contractual agreement with any licensee of the Trademarks or Patents, Secured Party may make use of any Trademarks or Patents for the sale of goods or rendering of services in connection with enforcing any other security interest granted to Secured Party for the benefit of Beneficiaries by Debtors or any subsidiary of Debtors.

B. To the extent not prohibited by any contractual agreement with any licensee of the Trademarks or Patents, Secured Party may grant such license or licenses relating to the Collateral for such term or terms, on such conditions, and in such manner as Secured Party shall in good faith deem reasonably appropriate, subject to any existing licenses or rights relating to the Collateral that were granted by a Debtor prior to the date of this Agreement or, if granted during the term of this Agreement, in accordance with this Agreement. Such license or licenses may be general, special, or otherwise and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and all foreign countries.

C. Secured Party may assign, sell, or otherwise dispose of the Collateral or any part thereof, either with or without special conditions or stipulations, except that Secured Party agrees to provide Debtors with ten (10) days prior written notice of any proposed disposition of the Collateral. Secured Party shall have the power to buy the Collateral or any part thereof, and Secured Party shall also have the power to execute assurances and perform all other acts which Secured Party may, in Secured Party's sole discretion, deem appropriate or proper to complete such assignment, sale or disposition. In any such event, Debtors shall be liable for any deficiency.

D. In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Collateral pursuant to subparagraph 4C hereof, Secured Party may at any time execute and deliver on behalf of Debtors, pursuant to the authority granted in the Powers of Attorney described in Section 3.D. hereof, one or more instruments of assignment of the Trademarks or Patents (or any application, registration, or recording relating thereto), in form suitable for filing, recording or registration with the United States Patent and Trademark Office or any similar governmental office or agency in the United States of America, any state therein or relevant foreign country. Each Debtor agrees to pay Secured Party on demand all costs incurred in any such transfer of the Collateral, including, but not limited to, any taxes, fees, and reasonable attorneys' fees.

E. Secured Party shall apply the proceeds actually received from any such license, assignment, sale or other disposition of Collateral in the manner generally provided for in the Loan Agreement with regards to collateral.

F. In the event that any such license, assignment, sale or disposition of the Collateral (or any part thereof) is made after the occurrence of an Event of Default, Debtors shall supply to Secured Party or Secured Party's designee Debtors' knowledge and expertise relating to the manufacture and sale of the products and services bearing the Trademarks and Debtors' customer lists and other records relating to the Trademarks and Patents and the distribution thereof with the United States Patent and Trademark Office or any similar governmental office or agency in the United States of America, any state therein or relevant foreign country.

Nothing contained herein shall be construed as requiring Secured Party to take any such action at any time. All of Secured Party's rights and remedies, whether provided under law, the Loan Documents, this Agreement, or otherwise, shall be cumulative and none is exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

5. MISCELLANEOUS

A. Any failure or delay by Secured Party to require strict performance by Debtors of any of the provisions, warranties, terms and conditions contained herein or in any other agreement, document, or instrument, shall not affect Secured Party's right to demand strict compliance and performance therewith, and any waiver of any Event of Default shall not waive or affect any other Event of Default, whether prior or subsequent thereto, and whether of the same or of a different type. None of the warranties, conditions, provisions, and terms contained herein or in any other agreement, document, or instrument shall be deemed to have been waived by any act or knowledge of Beneficiaries, their agents, officers, or employees, but only by an instrument in writing, signed by an officer of Secured Party and directed to Debtors, specifying such waiver.

B. All notices, requests and demands are to be given or made to the respective parties at the address set forth in the Loan Agreement.

C. In the event that any term or provision of this Agreement conflicts with any term or provision of the Loan Agreement, the term or provision of the Loan Agreement shall control.

D. In the event that any provision hereof shall be deemed to be invalid by any court, such invalidity shall not affect the remainder of this Agreement.

E. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors and assigns. No provision hereof shall be modified, altered or limited except by a written instrument expressly referring to this Agreement signed by all parties hereto.
