NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

Section 1. Grant of Security. The Grantor hereby grants to the Collateral Agent, for itself and for the ratable security and benefit of the Secured Parties, a security interest in all of the Grantor's right, title and interest in and to the following (the "Collateral"):

- (a) the patents and patent applications set forth in Schedule A hereto;
- (b) the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a

security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby;

(c) the copyright registrations and applications and exclusive copyright licenses set forth in Schedule C hereto;

(d) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions;

Section 2. Security for Secured Obligations. The grant of a security interest in the Collateral by the Grantor under this IP Security Agreement secures the payment and performance of all Obligations including, without limitation, payment of the principal of, interest on, and all other amounts due with respect to, the Loan, and the performance and observance by the Grantor of all of the agreements, covenants and provisions contained in the Security Agreement, in the Loan Agreement and in the other Loan Documents, and the payment of any and all amounts from time to time owing under the Security Agreement, the Loan Agreement and the other Loan Documents.
