## SECURITY AGREEMENT (TRADEMARKS)

THIS SECURITY AGREEMENT (TRADEMARKS) (the "Security Agreement") is made and dated this 31st day of July, 2005 by and between TEC WORLDWIDE, INC., a Delaware corporation, ("Debtor"), and BANK OF AMERICA, N.A. ("Bank").

1. Grant of Security Interest. As collateral security for the Obligations of the Debtor under, and as defined in, the Credit Agreement dated as of July 31, 2005 between the Debtor and the Bank (as the same may be amended, modified, waived, replaced and amended and restated from time to time, the "Credit Agreement") Debtor hereby grants a security interest to Bank in all of Debtor's right, title and interest in the following (the "Collateral"), whether now owned or hereafter acquired: (a) the trademarks described on Schedule 1 to this Security Agreement and all other trademarks; (b) all rights to license and to use the Collateral; (c) all right (but not the obligation) to register with respect to the Collateral claims under any state, federal or foreign trademark law or regulation; (d) all rights, claims and interests under licensing or other contracts pertaining to the Collateral; (e) all goodwill and general intangibles associated with the Collateral; (f) all rights (but not the obligation) to maintain claims for past, present and future infringements of the Collateral and the right to enforce the same; and (g) all products and proceeds of any of the foregoing.

2. No Present Assignment. Neither this Security Agreement, nor any other document, instrument or agreement creates or is intended to create a present assignment of the Collateral. Subject to the rights and security interest of Bank, it is the intention of the parties hereto that Debtor continue to own the Collateral.

3. Covenants. Debtor hereby agrees, at no cost or expense to Bank, except to the extent otherwise expressly permitted or provided by the Credit Agreement or any other Loan Document (as defined in the Credit Agreement), to (a) continue to use, and take all other actions reasonably necessary to maintain, its trademarks in full force free from any claim of abandonment for non-use, invalidity or unenforceability except to the extent not material to the conduct of Debtor's business (b) maintain as in the past the quality of products and services offered under all of the trademarks, (c) employ all of the trademarks registered with any federal or state or foreign authority with an appropriate notice of such registration, (d) not adopt or use any other trademark which is confusingly similar or a colorable imitation of any of the trademarks and (e) use its trademarks registered for the uses for which registration or application for registration of the trademarks has been made. Bank may file or record this Security Agreement with the United States Patent and Trademark Office and also may file financing statements in all locations deemed appropriate by Bank from time to time, and in connection with the filing of such financing statements, Debtor acknowledges and agrees that Bank may utilize a general description of the Collateral.

4. Collection of Payment Collateral. Upon the request of Bank made at any time after the occurrence and during the continuance of any Event of Default (as defined in the Credit Agreement), Debtor will (a) notify and direct any licensee or other party who is obligated to make payments ("Payment Collateral") on the Collateral, to make payment thereof to such accounts as Bank may direct in writing and/or (b) forthwith upon receipt, transmit and deliver to Bank, in the form received, all cash, checks, drafts and other instruments for the payment of money (properly endorsed where required so that such items may be collected by Bank) which may be received by Debtor at any time on account of any Collateral Payment and, until delivered to Bank, such items will be held in trust for Bank and will not be commingled by Debtor with any of its other funds or property. Thereafter, Bank is hereby authorized and empowered to endorse the name of Debtor on any check, draft or other instrument for the payment of money received by Bank on account of any Collateral Payment if Bank believes such endorsement is necessary or desirable for purposes of collection. Debtor will indemnify and save harmless Bank from and against all reasonable liabilities and expenses on account of any adverse claim asserted against Bank

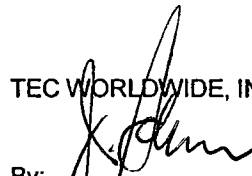

relating to any moneys received by Bank on account of any Collateral Payment and such obligation of Debtor shall continue in effect after and notwithstanding the discharge of the Obligations and the release of the security interest granted in this Security Agreement.

5. Remedies. After the occurrence and during the continuance of any Event of Default under the Credit Agreement, Bank may, without notice to or demand on Debtor and in addition to all rights and remedies available to Bank with respect to the Obligations, at law, in equity or otherwise, exercise all of the rights and remedies provided in the Security Agreement (as defined in the Credit Agreement) and other Loan Documents (as defined in the Credit Agreement).

6. Miscellaneous. The rights, powers and remedies of Bank under this Security Agreement shall be in addition to all rights, powers and remedies given to Bank by virtue of any statute or rule of law or any other agreement, all of which rights, powers and remedies shall be cumulative and may be exercised successively or concurrently without impairing Bank's security interest in the Collateral. Any delay or failure by Bank to exercise any right, power or remedy shall not constitute a waiver thereof by Bank, and no single or partial exercise by Bank of any right, power or remedy shall preclude other or further exercise thereof or any exercise of any other rights, powers or remedies. This Security Agreement, the Credit Agreement, and the other Loan Documents (as defined in the Credit Agreement) embody the entire agreement and understanding between the parties hereto and supersede all prior agreements and understandings relating to the subject matter hereof and thereof. All representations, warranties, covenants and agreements contained herein and in the other Documents of Debtor shall survive the termination of this Agreement and shall be effective until the Obligations are paid and performed in full or longer as expressly provided herein. This Security Agreement shall be governed by and construed in accordance with the laws of the State of California without giving effect to choice of law rules (except those contained in the Uniform Commercial Code and mandatory choice of law rules) that result in the application of the law of a jurisdiction other than the State of California. This Security Agreement may be executed in any number of counterparts, all of which together shall constitute one agreement. The illegality or unenforceability of any provision of this Security Agreement or any instrument or agreement required hereunder or thereunder shall not in any way affect or impair the legality or enforceability of the remaining provisions hereof or thereof.
