ASSIGNMENT OF TRADEMARKS

ASSIGNMENT OF TRADEMARKS, made as of March 1, 2006 ("Trademark Assignment"), from AIRWAY INDUSTRIES, INC., a Pennsylvania corporation ("Assignor"), to TRAVELPRO INTERNATIONAL, INC., a Delaware corporation ("Assignee").

RECITALS

WHEREAS, pursuant to an Asset and Stock Purchase Agreement dated as of January 9, 2006, by and among Assignee, Assignor, Austin House, Inc., a New York corporation and Cerberus Partners, L.P., a Delaware limited partnership (the "Purchase Agreement"), Assignor has agreed to sell, assign, transfer, convey and deliver to Assignee all of Assignor's right, title and interest in and to the Acquired Assets (as defined in the Purchase Agreement);

WHEREAS, in consideration for Assignor's sale, assignment, transfer, conveyance and delivery to Assignee of the Acquired Assets in accordance with the terms and conditions of the Purchase Agreement, Assignee is paying to Assignor the Closing Purchase Price (as defined in the Purchase Agreement);

WHEREAS, Assignor is the sole owner of the entire right, title and interest in, to and under the Trademarks (as defined in the Purchase Agreement), including, without limitation, those set forth on Schedule A attached hereto, and has a registration for, or has filed an application to register, certain of the Trademarks in the United States Patent and Trademark Office and the foreign jurisdictions, all as set forth on Schedule A; and

WHEREAS, in connection with Assignee's acquisition of the Acquired Assets, Assignee desires to acquire, and Assignor is willing to convey, Assignor's entire right, title and interest in, to and under the Trademarks, all goodwill associated therewith, and all common law rights therein.

NOW, THEREFORE, in consideration of the foregoing premises and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns, transfers, conveys and delivers to Assignee Assignor's entire right, title and interest in, to and under the Trademarks (including, without limitation, those set forth on Schedule A), including common law rights, together with the goodwill symbolized by and associated with the Trademarks, and all registrations and applications relating to the Trademarks, for its own use and behalf, and for the use and behalf of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Trademark Assignment and sale had not been made; together with all income, royalties, fees and payments now or hereafter due or payable in respect of the Trademarks, and the right to file any action and recover damages by reason of past infringement, misappropriation or other unauthorized use of said Trademarks, with the right to sue for, and collect same for its own use and behalf, and for the use and behalf of its successors, assigns, or other legal representatives.

Assignor hereby agrees to execute, acknowledge and deliver to Assignee all documents, instruments and agreements as may be necessary to make a record with any Governmental Entity (both foreign and domestic) or third parties of Assignee's ownership of all right, title and interest in, to and under the Trademarks and the goodwill associated therewith.

Assignor hereby represents and warrants that it is the sole owner of the Trademarks free and clear of all Liens.

Nothing herein contained shall itself change, amend, extend or alter (nor shall it be deemed or construed as changing, amending, extending or altering) the terms or conditions of the Purchase Agreement in any manner whatsoever. This instrument does not create or establish liabilities or obligations not otherwise created or existing under or pursuant to the Purchase Agreement. In the event of any conflict or other difference between the Purchase Agreement and this Trademark Assignment, the provisions of the Purchase Agreement shall control.

This Trademark Assignment shall be governed by, and construed in accordance with, the laws of the State of New York applicable to a contract executed and performed in such State without giving effect to the conflicts of law principles thereof.

Any legal action or proceeding hereunder shall be brought in accordance with Section 15.16 of the Purchase Agreement.

Nothing expressed or implied herein is intended to confer upon any person or entity, other than Assignee and its respective successor and assigns, any rights, remedies, obligations or liabilities under or by reason of this Trademark Assignment or the Purchase Agreement. Notwithstanding the foregoing, Assignee may assign its rights and obligations under this Trademark Assignment to any Affiliate of Assignee without the prior written consent of Assignor.

This Trademark Assignment cannot be amended, waived or terminated except by a writing signed by all of the parties hereto.

If any provision of this Trademark Assignment shall be declared by any court of competent jurisdiction to be illegal, void or unenforceable, all other provisions of this Trademark Assignment Agreement shall not be affected and shall remain in full force and effect.

All capitalized terms used in this Trademark Assignment and not otherwise defined herein shall have the meanings assigned to them in the Purchase Agreement.

IN WITNESS WHEREOF, Assignor has caused this Trademark Assignment to be duly executed on as of the first date above written to be effective as of such date.
