TRADEMARK ASSIGNMENT

This Trademark Assignment (this "*Assignment*") effective as of August 29, 2006 (the "*Effective Date*"), is entered into by and between Dana Corporation, a Virginia corporation ("*Assignor*"), and Bosch Rexroth Corporation, a Pennsylvania corporation ("*Assignee*").

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement, dated July 6, 2006, as amended (the "*APA*"), concerning Assignee's purchase of certain assets, including the "IP Assets" (as defined in the APA), and assumption of certain liabilities associated therewith; and

WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the United States and foreign trademarks and registrations and applications for registration of trademarks identified and set forth on Schedule A or that otherwise constitute "IP Assets" under the APA (all of the foregoing, collectively, the "*Trademarks*") and the goodwill associated with said Trademarks; and

WHEREAS, Pursuant to the APA, the Trademarks and their associated goodwill are to be assigned to Assignee at its request and direction.

NOW, THEREFORE, for good and valuable consideration (including the premises and covenants set forth in the APA), the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Assignor hereby irrevocably sells, assigns, transfers and sets over to Assignee all of Assignor's right, title and interest in and to the Trademarks, together with the goodwill of the business in connection with which the Trademarks are used, and all registrations, applications therefor and renewals and extensions of the foregoing in the United States and for all foreign countries that are or may be secured under the laws of the United States and all foreign countries, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, with the right to sue for and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

Assignor authorizes and requests the United States Commissioner of Patents and Trademarks and any other similar government authority to record Assignee as the assignee and owner of the Trademarks, and issue any and all registrations thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee and its successors, assigns or other legal representatives.

This Assignment may be executed in counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be duly executed as of the date first above written.
