This SECOND LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "IP Security Agreement") dated February 1, 2007, is made by Penton Media, Inc., a Delaware corporation, Prism Business Media Inc., a Delaware corporation, Internet World Media, Inc., a Delaware corporation, and Duke Communications International, Inc., a Colorado corporation, (each, a "Grantor", collectively, the "Grantors") in favor of General Electric Capital Corporation, as administrative agent (in such capacity, the "Administrative Agent") for the Secured Parties (as defined in the Credit Agreement referred to below). Capitalized terms used herein and not defined shall have the meanings ascribed to such terms in the Credit Agreement or Collateral Agreement (both defined below) as applicable.

WHEREAS, the Grantors and Prism Media Holdings, Inc., a Delaware corporation ("Holdings") have entered into a Second Lien Credit Agreement dated as of February 1, 2007 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), with the Administrative Agent, the other agents party thereto and the Lenders party thereto.

WHEREAS, under the terms of that certain Second Lien Collateral Agreement dated February 1, 2007 made by the Grantors and Holdings to the Administrative Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Collateral Agreement"), the Grantors have assigned and pledged to the Administrative Agent, its successor and assigns, for the ratable benefit of the Secured Parties, and granted to the Administrative Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed under the Credit Agreement to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantors agree as follows:

SECTION 1 Grant of Security. As security for the payment or performance when due (whether at the stated maturity, by acceleration or otherwise), as the case may be, in full of the Obligations, and any extensions, renewals or modifications of the Obligations, each Grantor hereby assigns and pledges to the Administrative Agent, its successor and assigns, for the ratable benefit of the Secured Parties, and hereby grants to the Administrative Agent, its successor and assigns, for the ratable benefit of the Secured Parties, a security interest (the "Security Interest") in, all right, title and interest in or to any and all of the following now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (the "Collateral"):

- (a) (i) all letters patent of the United States or the equivalent thereof in any other country or jurisdiction and all reissues, extensions, registrations and recordings thereof, (ii) all applications for letters patent of the United States or the equivalent thereof in any other country or jurisdiction, and all provisionals, continuations, divisions, continuations-in-part, reexaminations or revisions thereof, including, in the case of (i) and (ii), registrations, recordings and pending applications in the United States Patent and Trademark Office (or any successor or any similar offices in any other country), including those patents and applications set forth in Schedule A hereto, and (iii) the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein (the "Patents");
