**INTELLECTUAL PROPERTY SECURITY AGREEMENT (REVOLVER)**

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (REVOLVER) (together with all amendments, if any, from time to time, this "Intellectual Property Security Agreement"), dated as of October 10, 2007, is made by each of the grantors listed on the signature pages hereto and each additional party which becomes a grantor hereto pursuant to Section 8 hereof (collectively, "Grantors" and each individually, a "Grantor"), in favor of BARCLAYS BANK PLC in its capacity as Administrative Agent ("Agent") for itself and the Lenders.

**WITNESSETH:**

WHEREAS, pursuant to that certain Senior Secured, Super-Priority Debtor-in-Possession and Exit Revolver Credit Agreement, dated as of the date hereof (including, all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Credit Agreement") by and among Borrowers, Grantors, the other Persons named therein as Credit Parties, Agent and the Persons signatory thereto from time to time as Lenders, Lenders have agreed to make certain Loans to, and incur certain Letter of Credit Obligations for the benefit of Borrowers; and

WHEREAS, Grantors directly or indirectly benefit from the credit facilities made available to Borrowers under the Credit Agreement and in order to induce Agent and Lenders to enter into the Credit Agreement and other Loan Documents and to induce Lenders to make the Loans and to incur Letter of Credit Obligations as provided for in the Credit Agreement, Grantors desire to grant a continuing lien on the Intellectual Property Collateral (as defined below) to Agent, for the benefit of Agent and Lenders, to secure all of the Obligations.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. DEFINED TERMS. All capitalized terms used but not otherwise defined herein have the meanings given to them in Annex A to the Credit Agreement.

2. GRANT OF SECURITY INTEREST IN INTELLECTUAL PROPERTY COLLATERAL. (a) To secure the prompt and complete payment, performance and observance of all the Obligations, each Grantor hereby grants, assigns, conveys, mortgages, pledges, hypothecates and transfers to Agent, for itself and the benefit of the Lenders, a continuing first priority security interest in and Lien upon all of its right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired by or arising in favor of such Grantor and whether owned or consigned by or to, or licensed from or to, such Grantor (collectively, the "Intellectual Property Collateral"):

(i) all of its Patents and Patent Licenses to which it is a party, including those referred to on Schedule I hereto;

(ii) all of its Trademarks and Trademark Licenses to which it is a party, including those referred to on Schedule II hereto;

(iii) all of its Copyrights and Copyright Licenses to which it is a party, including those referred to on Schedule III hereto;

(iv) all reissues, continuations or extensions of the foregoing;

(v) all goodwill of the business connected with the use of, and symbolized by, each Patent, each Patent License, each Trademark, each Trademark License, each Copyright and each Copyright License; and

(vi) all products and proceeds of the foregoing, including, without limitation, any claim by such Grantor against third parties for past, present or future (A) infringement or dilution of any Patent or Patent licensed under any Patent License, (B) injury to the goodwill associated with any Patent or any Patent licensed under any Patent License, (C) infringement or dilution of any Trademark or Trademark licensed under any Trademark License, (D) injury to the goodwill associated with any Trademark or any Trademark licensed under any Trademark License, (E) infringement or dilution of any Copyright or Copyright licensed under any Copyright License, and (F) injury to the goodwill associated with any Copyright or any Copyright licensed under any Copyright License.

(b) In addition, to secure the prompt and complete payment, performance and observance of the Obligations and in order to induce Agent and Lenders as aforesaid, each Grantor hereby grants to Agent, for itself and the benefit of Lenders, a right of setoff, against the property of such Grantor held by Agent or any Lender, consisting of property described above in Section 2(a) now or hereafter in the possession or custody of or in transit to Agent or any Lender, for any purpose, including safekeeping, collection or pledge, for the account of such Grantor, or as to which such Grantor may have any right or power.

3. REPRESENTATIONS AND WARRANTIES. Each Grantor jointly and severally represents and warrants that such Grantor does not have any interest in, or title to, any Patent, Trademark or Copyright except as set forth in Schedule I, Schedule II and Schedule III, respectively, hereto. Upon entry of the Interim Order and the Final Order (as applicable), this Intellectual Property Security Agreement is effective to create a valid and continuing Lien on and, upon the filing hereof with the United States Patent and Trademark Office and the United States Copyright Office and the filing of appropriate financing statements listed on Schedule I to the Security Agreement, perfected security interests in favor of Agent in all of Grantors' Patents, Trademarks and Copyrights and such perfected security interests are enforceable as such as against any and all creditors of, and purchasers from, Grantors. Upon entry of the Interim Order and the Final Order (as applicable) and filing by Agent of this Intellectual Property Security Agreement with the United States Patent and Trademark Office and the United States Copyright Office and the filing of appropriate financing statements listed on Schedule I to the Security

Agreement, all action necessary or otherwise requested by Agent to protect and perfect Agent's Lien on Grantor's Patents, Trademarks and Copyrights shall have been duly taken.

4. COVENANTS. Each Grantor jointly and severally covenants and agrees with Agent, for the benefit of Agent and Lenders, that from and after the date of this Intellectual Property Security Agreement and until the Termination Date:

(a) Each Grantor shall notify Agent promptly if it knows or has reason to know that any application or registration relating to any Patent, Trademark or Copyright (now or hereafter existing) may become abandoned or dedicated to the public, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, the United States Copyright Office or any court) regarding such Grantor's ownership of any Patent, Trademark or Copyright, its right to register the same, or to keep and maintain the same in each case unless Grantor has elected as determined in its reasonable business judgment to abandon any application or registration which Grantor deems to be no longer material to the conduct of its business or operations.

(b) If any Grantor, either directly or through any agent, employee, licensee or designee, files an application for the registration of any Patent, Trademark or Copyright with the United States Patent and Trademark Office, the United States Copyright Office or any similar office or agency without giving Agent notice of filed applications during any Fiscal Quarter, which notice shall be on a quarterly basis and upon the request of Agent, such Grantor shall execute and deliver a supplement hereto (in form and substance satisfactory to Agent) to evidence Agent's Lien on such Patent, Trademark or Copyright, and the General Intangibles of such Grantor relating thereto or represented thereby.

(c) Each Grantor shall take all actions necessary or reasonably requested by Agent to maintain and pursue each application, to obtain the relevant registration and to maintain the registration of each of the Patents or Trademarks (now or hereafter existing), including the filing of renewals, affidavits of use, affidavits of noncontestability and opposition, interference and cancellation proceedings unless Grantor has elected, in its reasonable business judgment, to abandon any application or registration which each such Grantor deems in its reasonable business judgment to be no longer material to the conduct of its business or operations.

(d) In the event that any of the material Intellectual Property Collateral is infringed upon, or misappropriated or diluted by a third party, each Grantor shall notify Agent reasonably promptly after such Grantor learns thereof unless it shall reasonably determine that such Intellectual Property Collateral is in no way material to the conduct of its business or operations in its reasonable business judgment. Each Grantor shall, unless it shall reasonably determine that such Intellectual Property Collateral is in no way material to the conduct of its business or operations, promptly take such actions to enforce its rights and protect such Intellectual Property Collateral, whether by action, suit, proceeding or otherwise, as Grantor shall deem necessary or appropriate under the

circumstances in its reasonable business judgment or as Agent may otherwise reasonably request.

5. SECURITY AGREEMENT. The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests granted to Agent pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

6. REINSTATEMENT. This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective should any petition be filed (including the filing of petitions in connection with the Chapter 11 Cases) by or against any Grantor or Credit Party for liquidation or reorganization, should any Grantor or Credit Party become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of any Grantor's or Credit Party's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

7. NOTICES. Whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give or serve upon another any such communication with respect to this Intellectual Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be addressed to the party to be notified at the address set forth in Annex I to the Credit Agreement (or such other address as may be substituted by notice given in the manner required by Section 11.10 of the Credit Agreement), and given in the manner required by Section 11.10 of the Credit Agreement.

8. ADDITIONAL GRANTORS. From time to time subsequent to the date hereof, additional Credit Parties may become parties hereto as additional Grantors (each, an "Additional Grantor"), by executing a counterpart of this Intellectual Property Security Agreement substantially in the form of Exhibit A attached hereto. Upon delivery of any such counterpart to Agent, notice of which is hereby waived by the Grantors, each Additional Grantor shall be a Grantor and shall be as fully a party hereto as if such Additional Grantor were an original signatory hereto. Each Grantor expressly agrees that its obligations arising hereunder shall not be affected or diminished by the addition or release of any other Grantor hereunder nor by any election of Agent not to cause any Credit Party to become an Additional Grantor hereunder. This Intellectual Property Security Agreement shall be fully effective as to any

Grantor that is or becomes a party hereto regardless of whether any other Person becomes or fails to become or ceases to be a Grantor hereunder.

9. TERMINATION OF THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT. Subject to Section 6 hereof, this Intellectual Property Security Agreement shall terminate upon the Termination Date.

10. NO STRICT CONSTRUCTION. The parties hereto have participated jointly in the negotiation and drafting of this Intellectual Property Security Agreement. In the event an ambiguity or question of intent or interpretation arises, this Intellectual Property Security Agreement shall be construed as if drafted jointly by the parties hereto and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provisions of this Intellectual Property Security Agreement.

11. ADVICE OF COUNSEL. Each of the parties represents to each other party hereto that it has discussed this Intellectual Property Security Agreement with its counsel.

12. RELATION TO INTERCREDITOR AGREEMENT (REVOLVER). Notwithstanding anything herein to the contrary, the lien and security interest granted pursuant to this Intellectual Property Security Agreement and the exercise of any right or remedy by the Agent hereunder are subject to the provisions of the Intercreditor Agreement (Revolver), dated as of October 10, 2007 (as amended, restated, supplemented or otherwise modified from time to time, the "Intercreditor Agreement (Revolver)"), among Barclays Bank PLC, as Revolver Administrative Agent, Barclays Bank PLC and Wachovia Capital Finance Corporation (Central), as Revolver Co-Collateral Agents, Barclays Bank PLC, as Term Loan (First Lien) Administrative Agent, and Barclays Bank PLC, as Term Loan (Second Lien) Administrative Agent, and certain other persons party or that may become party thereto from time to time. In the event of any conflict between the terms of the Intercreditor Agreement (Revolver) and this Intellectual Property Security Agreement, the terms of the Intercreditor Agreement (Revolver) shall govern and control.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, each Grantor has caused this Intellectual Property Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
