INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of January 16, 2008 (as the same may be amended, modified or supplemented from time to time, this "Intellectual Property Security Agreement"), is made by and among GOODY'S FAMILY CLOTHING, INC., a Tennessee corporation, GOODY'S MS, L.P., a Tennessee limited partnership, and SYDOOG LLC, a Delaware limited liability company, each located at 400 Goody's Lane, Knoxville, TN 37922 (each a "Grantor" and collectively, the "Grantors"), in favor of PGDYS LENDING LLC, a Delaware limited liability company located at 623 Fifth Avenue, 32nd Floor, New York, New York 10022, as Collateral Agent for the Secured Parties (the "Collateral Agent").

WITNESSETH:

WHEREAS, in connection with that certain Term Loan and Security Agreement, dated as of the date hereof, by and among the Grantors, certain affiliates of the Grantors signatory thereto as borrowers (together with the Grantors, the "Borrowers"), the lenders from time to time party thereto (the "Lenders"), the Collateral Agent and PGDYS, as Administrative Agent for the Lenders (as the same may be amended, restated, renewed, refunded, replaced, refinanced, supplemented or otherwise modified from time to time, the "Loan Agreement"), the Grantors and the other Borrowers granted to Collateral Agent a security interest in the Collateral (as defined in the Loan Agreement); and

WHEREAS, Lenders are willing to make the Loan as provided for in the Loan Agreement, but only upon the condition, among others, that the Grantors shall have executed and delivered to Collateral Agent this Intellectual Property Security Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in consideration of the premises and the mutual agreements herein contained, Grantors hereby agree as follows:

1. Defined Terms. All capitalized terms used but not otherwise defined herein have the meanings given to them in the Loan Agreement.

2. Grant Of Security Interest In Intellectual Property Collateral. In order to secure the prompt repayment and performance of any and all of the Secured Obligations now or hereafter existing from time to time, each Grantor hereby grants to Collateral Agent, for the benefit of itself and the other Secured Parties, (subject to the terms of the Senior Loan Intercreditor Agreement), a continuing security interest in all of such Grantor's now owned or hereafter acquired right, title and interest in, to and under the following (collectively, the "Intellectual Property Collateral"):

(a) all of its patents, patent applications and patent licenses to which it is a party including those patents and patent applications referred to on Schedule I hereto;

(b) all of its trade dress, service marks, service names, tradenames, brand names, logos, domain names, business symbols, trademarks, trademark registrations, trademark applications and trademark licenses to which it is a party including those trademark registrations and trademark applications referred to on Schedule II hereto;

(c) all of its copyrights, copyright registrations, copyright applications and copyright licenses to which it is a party including those copyright registrations and copyright applications referred to on Schedule III hereto;

(d) all reissues, renewals, continuations or extensions of the foregoing;

(e) all goodwill of the business symbolized by and connected with the use of each trademark; and

(f) all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future (i) infringement or dilution of any trademark or trademark licensed under any trademark license, (ii) injury to the goodwill associated with any trademark, and (iii) infringement of any copyright or copyright licensed under any copyright license.

Notwithstanding anything herein to the contrary, in no event shall the security interest granted hereunder attach to (a) any license, contract, property rights or agreement to which any Grantor is a party or any of its rights or interests thereunder (i) if and for so long as the grant of such security interest shall constitute or result in (A) the abandonment, invalidation or unenforceability of any right, title or interest of any Grantor therein or (B) in a breach or termination pursuant to the terms of, or a default under, any such license, contract property rights or agreement and (ii) to the extent that any applicable law prohibits the creation of a security interest thereon, other than to the extent that any such term would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the Uniform Commercial Code (or any successor provision or provisions) of any relevant jurisdiction or any other applicable law (including the United States Bankruptcy Code) or principles of equity; provided, however, that, such security interest shall attach immediately at such time as the condition causing such abandonment, invalidation or unenforceability shall be remedied and to the extent severable, shall attach immediately to any portion of such

license, contract, property rights or agreement that does not result in any of the offending consequences.

3. Representations And Warranties. Each Grantor represents and warrants that such Grantor does not own any patent, patent application, trademark, trademark application, trademark registration, copyright application or copyright registration except as set forth in Schedule I, Schedule II and Schedule III, respectively, hereto. This Intellectual Property Security Agreement is effective to create a valid and continuing Lien and, upon the recording of this Intellectual Property Security Agreement with the United States Patent and Trademark Office and the United States Copyright Office and the filing of the appropriate financing statements as per the Loan Agreement, perfected security interests in favor of Collateral Agent, for the benefit of itself and the other Secured Parties, in all of Grantors' patents, trademarks and copyrights and such perfected security interests are enforceable as such as against any and all creditors of, and purchasers from, Grantors. Upon filing of this Intellectual Property Security Agreement with the United States Patent and Trademark Office and the United States Copyright Office and the filing of appropriate financing statements as per the Loan Agreement, all action necessary to perfect Collateral Agent's, for the benefit of itself and the other Secured Parties, Lien on Grantors' patents, trademarks, copyrights, including the items on Schedule I, Schedule II and Schedule III hereof shall have been duly taken; provided, however that additional recordings of the Intellectual Property Security Agreement may be necessary with respect to Intellectual Property Collateral filed, registered or acquired by Grantors after the date hereof and continuation statements need to be filed with respect to the financing statements and actions and/or filings may need to be undertaken in jurisdictions outside of the United States where Intellectual Property Collateral has been created to perfect or continue Collateral Agent's, for the benefit of itself and the other Secured Parties, Lien.

4. Security Agreement. The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests granted to Collateral Agent, for the benefit of itself and the other Secured Parties, pursuant to the Loan Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Collateral Agent and Lenders with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Loan Agreement and the Senior Loan Intercreditor Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

5. Reinstatement. This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective, and the Secured Obligations shall be reinstated and deemed reduced only by such amount paid and not rescinded, reduced, restored or returned, in the event of any occurrence or event as provided for in Section 17.7 of the Loan Agreement.

6. Notices. Whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give and serve upon any other party any communication with respect to this Intellectual

Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be given in the manner, and deemed received, as provided for in the Loan Agreement.

7. Termination Of This Security Agreement. Subject to Section 5 hereof, this Intellectual Property Security Agreement shall terminate upon the termination of the Loan Agreement in accordance with its terms. Upon a termination of this Intellectual Property Security Agreement, Collateral Agent will, pursuant to and consistent with its obligations arising under Section 3.5 of the Loan Agreement, and at Grantors' sole expense, execute and deliver any termination statements, lien releases, re-assignments of trademarks, discharges of security interests, and other similar discharge or release documents (and, if applicable, in recordable form) as are reasonably necessary to release, as of record, Collateral Agent's Lien in the Intellectual Property Collateral and all notices of security interest and liens previously filed and/or recorded by Collateral Agent with respect to the Intellectual Property Collateral.
