TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (the "Assignment") is made this 1st day of July 2008 between JPS Elastomerics Corp., a Delaware corporation (the "Assignor") and The Dow Chemical Company, a Delaware corporation (the "Assignee").

WHEREAS, Assignor is the owner of all right, title, and interest in and to all U.S. trademarks and trademark applications listed on the attached Exhibit A and incorporated by reference into this Agreement (the "Trademarks");

WHEREAS, Assignor has entered into an Asset Purchase Agreement, dated as of June 10, 2008 (the "Agreement") between Assignor, Assignee and Dow Roofing Systems LLC ("Buyer"), pursuant to which Assignor has agreed to sell and Buyer has agreed to purchase certain Proprietary Rights (as defined in Section 1.1 of the Agreement); and

WHEREAS, in connection with the transactions being consummated on the date hereof pursuant to the Agreement, Assignor desires to assign, in fulfillment of Assignor's obligations under the Agreement with respect to the Trademarks, all right, title and interest in, to and under the Trademarks to Assignee, and Assignee desires to acquire, in consideration of Assignee's obligations under the Agreement, all of Assignor's right, title and interest in, to and under the Trademarks.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, its successors, legal representatives and assigns, and Assignee does hereby accept, all of Assignor's right, title and interest in, to and under the Trademarks and registrations thereof, including any rights under common law, and which include the Trademarks alone or in combination with other words, figures, designs or indicia, including any rights, title and interest as service marks, trademarks, trade names and all common law rights connected therewith, together with the goodwill of the business with respect to which the Trademarks or any such other marks or names have been used and/or registered and all claims, proceeds and causes of action relating to past, present or future infringement of said Trademarks or said other marks or names.

Assignor hereby requests the Commissioner of Patents and Trademarks to record Assignee, as assignee and owner of any and all of Assignor's right in the Trademarks and to issue to Assignee any and all trademark registrations and service mark registrations resulting from said trademark applications and service mark applications, or any renewals of said registrations.

Assignor agrees to execute and deliver at a future date, for no additional consideration any additional documents that the Assignee reasonably determines are required to reflect the Assignee's ownership of the Trademarks anywhere in the world.

Assignor will assist in obtaining or providing any further documents which may be required to confirm chain or title thereto.

This Assignment may be signed in counterparts, each of which shall be deemed an original, but together shall constitute a single instrument.
