GRANT OF SECURITY INTEREST  
IN UNITED STATES TRADEMARKS

FOR GOOD AND VALUABLE CONSIDERATION, receipt and sufficiency of which are hereby acknowledged, each of the entities listed on the signature pages hereto (each, a "Grantor" and collectively, the "Grantors"), each with principal offices at 201 Industrial Parkway Somerville, New Jersey 08876, hereby grants to OCM Tekni-Plex Holdings II, L.P., as Junior Lien Administrative Agent (the "Grantee"), a security interest in (i) all of such Grantor's right, title and interest in and to the United States trademarks, trademark registrations and trademark applications, including all appurtenant goodwill of any and all of the foregoing (the "Marks") set forth opposite its name as on Schedule A attached hereto, (ii) all Proceeds (as such term is defined in the Junior Lien Security Agreement referred to below) and products of the Marks, (iii) the goodwill of the businesses with which the Marks are associated and (iv) all causes of action arising prior to or after the date hereof for infringement of any of the Marks or unfair competition regarding the same; provided, however, that no security interest shall be granted in any Mark that is the subject of an intent-to-use trademark application solely to the extent that the grant of a security interest therein would impair the validity or enforceability of such Mark under applicable federal law, and only until such time as an amendment to allege use or statement of use is filed with the United States Patent and Trademark Office for such application.

THIS GRANT is made to secure the satisfactory performance and payment of all the obligations of each Grantor in the Junior Lien Security Agreement among the Grantors, the other assignors from time to time party thereto and the Grantee, dated as of November 14, 2008 (as amended, modified, restated and/or supplemented from time to time, the "Junior Lien Security Agreement"). Upon the occurrence of the Termination Date (as defined in the Junior Lien Security Agreement), the Grantee shall execute, acknowledge, and deliver to the Grantors an instrument in writing releasing the security interest in the Marks acquired under this Grant.

This Grant has been granted in conjunction with the security interest granted to the Grantee under the Junior Lien Security Agreement. The rights and remedies of the Grantee with respect to the security interest granted herein are as set forth in the Junior Lien Security Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Grant are deemed to conflict with the Junior Lien Security Agreement, the provisions of the Junior Lien Security Agreement shall govern.
