THIS THIRD LIEN TERM TRADEMARK SECURITY AGREEMENT (this "Trademark Security Agreement"), dated as of February 3, 2009, is made by each of the entities listed on the signature pages hereof (each a "Grantor" and, collectively, the "Grantors"), in favor of Silver Point Finance, LLC ("Silver Point"), as collateral agent (in such capacity, together with its successors and permitted assigns, the "Collateral Agent") for the Lenders (as defined in the Credit Agreement referred to below).

#### WITNESSETH:

WHEREAS, pursuant to the Third Lien Credit and Guaranty Agreement, dated as of February 3, 2009 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), among Interstate Bakeries Corporation and Interstate Brands Corporation (together, the "Borrowers"), the Guarantors from time to time party thereto, the Lenders from time to time party thereto and Silver Point, as collateral agent for the Lenders, the Lenders have severally agreed to make extensions of credit to the Borrowers upon the terms and subject to the conditions set forth therein;

WHEREAS, all of the Grantors are party to the Third Lien Term Security Agreement, dated as of February 3, 2009 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Grantors in favor of the Collateral Agent for the Lenders and each Secured Party, pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Lenders and the Collateral Agent to enter into the Credit Agreement and to induce the Lenders to make their respective extensions of credit to the Borrowers thereunder, each Grantor hereby agrees with the Collateral Agent as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Security Agreement.

Section 2. Grant of Security Interest in Trademark Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration, or otherwise) of the Obligations of such Grantor (the "Secured Obligations"), hereby mortgages, pledges and hypothecates to the Collateral Agent for the benefit of the Secured Parties, and grants to the Collateral Agent for the benefit of the Secured Parties a Lien on and security interest in, all of its right, title and interest in, to and under the following Collateral of such Grantor (the "Trademark Collateral"): all United States, and foreign trademarks, trade names, corporate names, company names, business names, fictitious business names, Internet Domain Names, service marks, certification marks, collective marks, logos, other source or business identifiers, all registrations and applications for any of the foregoing including: (i) the registrations and applications referred to in Schedule I (as such schedule may be amended or supplemented from time to time), (ii) all extensions or renewals of any of the foregoing, (iii) all of the goodwill of the business connected with the use of and symbolized by the foregoing, and (iv) all proceeds of the foregoing, including licenses, royalties, income, payments, claims, damages, and proceeds of suit.

Section 3. Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent pursuant to the Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of the Collateral Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event of a conflict between this Trademark Security Agreement and the Security Agreement, the provisions of the Security Agreement shall govern.

Section 4. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart. Delivery of an executed signature page of this Trademark Security Agreement by facsimile transmission or by Electronic Transmission shall be as effective as delivery of a manually executed counterpart thereof.

Section 5. Termination. This Trademark Security Agreement will terminate upon termination of the Security Agreement.

Section 6. Governing Law. This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

Section 7. Intercreditor Agreement. Notwithstanding anything herein to the contrary, the lien and security interest granted pursuant to this Trademark Security Agreement and the exercise of any right or remedy by the Collateral Agent hereunder are subject to the provisions of the Intercreditor and Subordination Agreement, dated as of February 3, 2009 (as amended, restated, supplemented, modified or replaced from time to time, the "Intercreditor Agreement"), among General Electric Capital Corporation, as Original Revolving Agent, Silver Point, as Original First Lien Term Loan Agent, Silver Point, as Original Third Lien Term Loan Agent, and The Bank of New York Mellon Trust Company, N.A., as Original Fourth Lien Trustee (all as defined in the Intercreditor Agreement), and certain other persons party or that may become party thereto from time to time. In the event of any conflict between the terms of the Intercreditor Agreement and this Trademark Security Agreement, the terms of the Intercreditor Agreement shall govern and control.
